## Motorcade Trip By U. N. Delegate In New York City

Colorful Prelude To Opening Of United Nations General Assembly

### GIVEN TICKET TAPE SHOWER

NEW YORK, Oct. 23.—Statesmen from 51 nations, whose goal is the establishment of permanent peace, were given a vociferous, ticker-tape reception in New York today in a colorful prelude to the opening of the United Nations General Assembly.

The statesmen—approximately 400 delegates and alternates to the General Assembly—were escorted by police and soldier honor guards on a motorcade trip through Manhattan that took them up lower Broadway for the traditional paper blitz, zard from the windows of skyscrapers. They were received at city hall at noon.

Crowds of enthusiastic men and women, whose husbands, sons and sweethearts had fought in the late war, lined the sidewalks and cheered as the cavalcade passed through the streets. By their applause they expressed their hope for the success of the General Assembly's meetings.

Opens This Afternoon  
The meeting of the assembly, which opens late this afternoon in Flushing Meadows Park (L. I.) will be the first U. N. General Assembly on American soil and will be highlighted by an address by President Truman.

One of the most elaborate security arrangements in history will be put into effect to safeguard President Truman when he arrives at LaGuardia airport at 3:45 p. m.

A total of 2,600 police, or one out of every seven members of the department, are assigned to stand guard along the presidential route. This, of course, is in addition to the

## California After UN Headquarters

SACRAMENTO, Cal., Oct. 23.—(INS)—Gov. Earl Warren plans to arrive in New York City by plane next Monday morning to join San Francisco Mayor Roger Lapham in pressing California's bid for permanent headquarters of the United Nations.

He said he planned to leave California Sunday night, perhaps only a few hours after he has made a public address answering questions posed by Commerce Secretary Henry Wallace may make concerning the November election campaign in California. Wallace is scheduled to address a Los Angeles Democratic rally tomorrow.

Warren will speak October 29 before the American Bar Association convention in Atlantic City, and return immediately to California.

## PA NEW OBSERVES

Another evidence of the unusual season that has been experienced in this locality was noted Tuesday afternoon, when locally grown roasting ears were on sale here. This was exceptionally late in the year for corn. Pa New was informed.

Pheasants seem to be quite numerous on the outskirts of the city this fall. All seen by Pa New, however, appear to be head for the city limits, apparently seeking a safe spot when the hunting season begins.

Community Chest workers are making excellent progress in the drive now in progress for \$88,800. Next report meeting is Friday, and members of the divisions are speeding up the campaign for another big spurt toward the goal at that time.

## Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 64.  
Minimum temperature, 37.  
No precipitation.  
River stage, 4.8 feet.

Statistics for the same date a year ago follow:

Maximum temperature, 52.  
Minimum temperature, 40.  
precipitation, .78 inches.

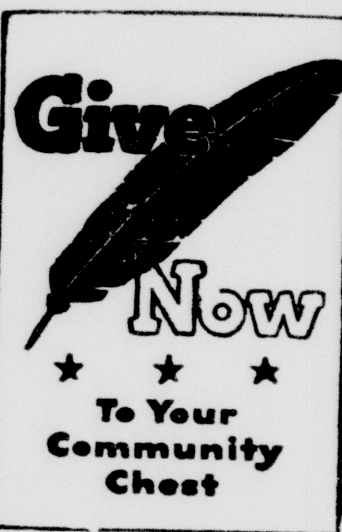

## Community Chest Workers Speed Up Drive For '46 Goal

Approximately 58 per cent of the quota of \$52,162.25, for this year's Community Chest fund was reported by division chairmen or their representatives at the second report meeting of the campaign, held in The Castleton hotel Tuesday.

Both campaign chairman Howard B. Richards and Community Chest president Paul Dingley urged the chairmen and workers to maintain their efforts to put the drive across. Close to \$40,000 has yet to be raised in order to complete the \$52,162.25 quota.

Rabbi Iwan Gruen made the invocation preceding the meeting and chairman Richard presided while the reports were given.

## U. S. Delegates To U. N. Sessions Will Be United

NEW YORK, Oct. 23.—(INS)—The United States will demonstrate to the world at the United Nations General Assembly meeting opening today its ability to unite on a bipartisan policy for world co-operation.

Secretary of State James P. Byrnes arrived last night to take personal charge of the behind-the-scenes conferences at which the American "united front" is being formulated by delegates from both major parties.

The American delegation is the best-informed in this country's diplomatic history. The members have been attending a series of night-and-day briefings and "seminars" conducted by veteran State Department officials and experts on UN matters.

To Keep United  
This "boring up" process has put them in touch with the day-to-day record of the various UN councils and commissions and is designed to keep them united in the midst of a bitter congressional election campaign.

Not all of the American policies are in their final form. Former Sen. Warren R. Austin (R. Vt.), chairman, reported general agreement.

## Price Controls Lifted From Most All Foods

(BULLETIN)  
WASHINGTON, Oct. 23.—(INS)—OPA today removed price controls from all foods and beverages except sugar, rice and syrup.

Simultaneously, the agency also lifted ceilings from restaurant prices and decontrolled whisky and beer.

The action is effective at 12:01 a. m. EST, tomorrow.

Ceillings were lifted from the following foods:  
Breakfast cereals, bread, flour, several types of fish, oranges and bananas, canned vegetable juices, tomatoes and all tomato products, jams and jellies, dried beans and peas, tea and cocoa, tamales, enchiladas, spaghetti, macaroni, noodle products, and candy.

Controls remain at least for the present on sugar and sugar syrup, blended syrups which contain at least 20 percent volume of sugar, and rough and milled rice.

OPA explained that the food ceilings were removed because the decontrol of livestock made it "not feasible or practicable" to maintain price control on the remaining few food products.

The decontrol order was approved by Secretary of Agriculture Anderson, who by law has the final say on food price controls.

Today's sweeping action was the culmination of the drive to wipe controls from the food field.

## Family Gets Report Two Sons Are Dead

CEDARSBURG, Wis., Oct. 23.—(INS)—The grief-stricken parents of Herbert H. Viessman, 20, killed in a hunting accident near his Cedarburg home, awaited further information today on another son's death before proceeding with Herbert's funeral.

When Herbert was killed they called Army headquarters in Germany to ask that his brother, Sgt. Louis W. Viessman, 24, be flown home for his brother's funeral.

Yesterday they received cable information that Louis also was dead, victim of a shooting accident.

Both youths were World War Two veterans. Herbert saw service in the Navy while Louis participated in the South Pacific campaign before he was sent to Germany.

## Nevada Murder Trial Is Recessed For State Event

LAS VEGAS, Nev., Oct. 23.—(INS)—The murder trial of Bridget Waters, the Irish war bride who killed her American husband as he held their infant son in his arms, was in recess today while Nevada celebrated the tenth anniversary of power production at Boulder Dam.

Recessed his court until tomorrow at the request of the Las Vegas Chamber of Commerce, after a jury of nine men and three women was seated tentatively to determine Mrs. Waters' fate.

A possible total of 16 peremptory challenges—eight to each side—remained to be exercised when court resumed tomorrow.

Woman Weeps In Court  
Two of the jurors now occupying seats were on the panel which awarded the attractive, dark-haired war bride separate maintenance of \$100 a month last summer on her cross-petition to Frank Waters' divorce action.

Meanwhile the buxom girl who met her husband while she was in Britain's wartime nursing service alternated between seeming good spirits, tears and anger.

Mrs. Waters broke into quiet weeping on both of the two days she has been in court, but at other times has smiled and displayed a cheerful attitude in conversations with reporters.

Mrs. Waters visits her blond 1-month-old child, Frank Jr., each night at the Clark County hospital. The child, grazed on the knee by the bullet which killed his lawyer-banker father, is entirely in Mrs. Waters' custody even though he is cared for by the county authorities.

Coming to New Castle directly from Wittenburg Seminary at Springfield, O., the departing minister succeeded Rev. Paul Tan, who had been supplying the pulpit of the church.

During his ministry here, Rev. Golder has met with success, the church having received many new additions, with a flourishing Sunday school in operation at the present time. At present, the church record shows 160 members attending the church.

At present, no successor is in view for the vacant pulpit and a meeting of the church official board has been planned to take up the matter with the president of the Lutheran Synod. A pulpit committee will be appointed soon.

Fullerton To Be Renamed As Grange Head

WILKES-BARRE, Pa., Oct. 23.—(INS)—W. Sharpe Fullerton, of New Castle, R. D., was nominated with opposition today for another term as state master of the Pennsylvania Grange. By approximately 1500 delegates at Wilkes-Barre.

Other officers nominated without opposition, tantamount to election, were Philip Price, of Chester, treasurer; John H. Hovos, of Columbia, chaplain; and Beatty Dimil, of Indiana, lecturer.

Elections will mark the closing session of the 74th annual convention tomorrow.

Pick 2,642 Police To Guard Truman

NEW YORK, Oct. 23.—(INS)—A total of 2,642 police have been assigned to guard the route of President Truman during his visit to New York City.

The cops will be on special duty from the time the president lands at LaGuardia field at 3:45 p. m. to the time he departs from Pennsylvania station at 8:25 p. m.

## Government Is Seeking Means To Avert Coal Strike

Lewis Poses Possibility Of Walkout Of Miners On November 1

### CONFERENCE ON WAGES DEMANDED

By PHILLIPS J. PECK  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 23.—Government officials gingerly probed an "explosive" coal-wage situation today for a solution that will void the disastrous winter strike in the bituminous fields.

John L. Lewis posed the possibility of a pre-election walkout of his half million miners if the government refuses to grant his demand for a negotiating conference Nov. 1 on wages.

So far Interior Secretary J. A. Krug and Coal Mines Administrator N. H. Colquhoun have rejected Lewis' request, contending that the Krug-Lewis agreement—signed last May when the government seized the mines—is not renegotiable.

"No Work" Policy  
The veteran UMW president promptly reported that failure to honor his request for such a meeting will "constitute another breach of the contract and will void the Krug-Lewis agreement." The miners then will be free to pursue their traditional "no contract, no work" policy.

The interior department did not reply immediately to Lewis' latest

## Bethany Lutheran Minister Resigns

Rev. L. G. Golder To Begin Duties Next Week At Lutheran Service Center, Norfolk, Va.

After a successful ministry of almost four and a half years, Rev. Louis G. Golder, pastor of the Bethany Lutheran church, East Washington at Lutton street, has submitted his resignation to his congregation.

Rev. Golder has been appointed by the Lutheran church to be the service pastor of the Lutheran Service Center among the military personnel at Norfolk, Va. Rev. and Mrs. Golder plan to leave the middle of next week to take up the new work that has been assigned to them.

Coming to New Castle directly from Wittenburg Seminary at Springfield, O., the departing minister succeeded Rev. Paul Tan, who had been supplying the pulpit of the church.

During his ministry here, Rev. Golder has met with success, the church having received many new additions, with a flourishing Sunday school in operation at the present time. At present, the church record shows 160 members attending the church.

Helen Keller, famed deaf-blind writer and lecturer, is shown left with former Ambassador John G. Winant as they spanned the Atlantic in a Clipper. Miss Keller is touring Britain, Greece and France visiting the blind, while Winant is attending the world trade conference in London as an observer for the U. S. State department. Miss Polly Thompson, her co-worker, is shown center.

## New 'Big Three' Meeting Seen As Likely Soon

WASHINGTON, Oct. 23.—(INS)—The voice of British Foreign Minister Ernest Bevin, added to those already charging Russia with broken international pledges, today convinced Washington observers that a new "Big Three" meeting of the heads of states may be in the offing.

Bevin in Commons charged openly, as many have done privately, that the Potsdam agreement, which was to have been the keystone of peacemaking arrangements among the victorious powers had become a mere scrap of paper.

Other Charges Made  
Similar charges have been made all based on the contention that it was hastily drafted and left many loopholes for recalcitrant powers to drive through.

In substance Bevin asserted that Britain will not live up to the Potsdam commitments unless other powers also do so. He urged that a substitute agreement be drafted, with France a participant. Observers noted, however, that it was doubtful that France is yet politically stable enough to send to such a meeting a responsible chief of state.

But, coming on the eve of the meeting of the United Nations Assembly, where all United Nations powers will have full access to international currents, Bevin's statement was interpreted as instituting a campaign to set forth details of big power differences in full bloom.

The United States has indicated its determination to do so by repeated publication lately of its controversial notes to powers within the Russian sphere. Reports from New York indicate that Soviet Foreign Minister Vyacheslav Molotov plans to use the assembly as a sounding board.

Application For Five Helicopter Routes In State

WASHINGTON, Oct. 23.—(INS)—Application for five helicopter routes in the Philadelphia-Camden and Pittsburgh areas was made today to the Civil Aeronautics Board by the Air Pick-up System now providing scheduled air mail and express service to 67 Pennsylvania communities.

In the Philadelphia-Camden area, all American seeks three routes which would serve the general post office, three branch post offices and the Reading Postal Transport Terminal in Philadelphia, Camden and 12 nearby communities in Pennsylvania and 9 in New Jersey.

At Pittsburgh, All American asks two routes, which would serve the main Pittsburgh post office and four branch post offices in the city, the local postal transport terminal, and 33 additional Pennsylvania communities in the area.

Authority to carry passengers, mail and property over five routes was requested in the application.

Sunken Ammunition Causes Explosion

COPENHAGEN, Oct. 23.—(INS)—The town of Aarhus displayed smashed chimneys, roofs and windows today after a magnetic mine touched off 20,000 tons of German ammunition. There were no reported casualties.

The explosives had been sunk in deep water off the coast of Jutland. A small steamer activated the mine which, in turn, exploded the ammunition.

## Allied Council Meets To Discuss Goering Suicide

NUERNBERG, Oct. 23.—(INS)—The Allied Control Council Commission met behind guarded doors today to discuss findings in connection with the suicide of Reichsmarschal Hermann Goering.

The "Quadrupartite" Commission was believed to have received completed laboratory tests performed on "certain specimens" from Goering's body.

A communique dealing with the mystery of how he obtained the cyanide which caused his death is expected within 48 hours.

## Fear Eighteen Dead As Ships Strike Mines

Two British Destroyers Strike Mines In Corfu Straits London Hears

FORTY FOUR ARE REPORTED HURT

(BULLETIN)  
LONDON, Oct. 23.—(INS)—A total of 83 casualties, including 38 dead or missing and believed killed, was announced today as the official toll of the accident in which two British destroyers struck mines in the Corfu straits yesterday.

LONDON, Oct. 23.—(INS)—A dispatch to the Daily Express stated today that 18 crew members of two British destroyers which struck mines in the Corfu straits are missing and believed dead.

The dispatch from Corfu added that 44 others on the destroyers Saumarez and Volage were seriously injured. They were transferred at Corfu to the aircraft carrier Ocean which arrived from Malta.

Diplomatic circles predicted meanwhile that Britain will express utmost dissatisfaction to Albania with conditions in the straits as a result of the explosions.

The admiralty scoured suggestions that the mines which exploded on contact with the destroyers Saumarez and Volage were maliciously laid.

Diplomatic circles expressed the opinion, however, that the British government may not view the presence of the mines in the channel between the island of Corfu and the coast of Albania as a mere accident.

The incident recalled that previous protests to Albania against fire from shore batteries on two British

## County Teachers Meet Thursday

Several Hundred Teachers Will Convene At Institute On Thursday

Several hundred teachers from the county schools will convene in Union high school Thursday for the annual convention session, all plans for which are completed. County Superintendent of Schools John C. Syling announced today.

The meeting opens at 8 a. m. and continues through the afternoon. The instructors will be Dr. Robert P. Galbreath, former president of Westminster college, and Dr. Murry A. Cayley, instructor in psychology and philosophy at the Rochester Institute of Technology.

On Friday, the teachers will join the Mid-West Convention group of the P. S. E. A., which will have its annual meeting in the Cathedral.

Report 168 Hurt In Chicago Wreck On Elevated Lines

CHICAGO, Oct. 23.—(INS)—Police listed 168 persons injured today in the collision of two elevated trains in a heavy fog on Chicago's South Side.

No one was reported dead. Officers said the injured were removed to St. Bernard's Englewood, Provident, Chicago Memorial, St. Lukes, Mercy Michael Reese and Chicago hospitals.

Ambulances, police and fire squads in the area were rushed to the 47th street Rapid Transit station to rescue passengers.

Early reports said two north-bound trains collided. A Howard St. express train was said to have rammed into the rear of a Ravenswood train which was loading passengers at the station platform.

The front car of the Howard St. train and the rear car of the other train were partially telescoped.

The wreck occurred about 20 feet beyond the south end of the loading platform, hampering rescue efforts.

## WESTERN UNION STRIKE POSTPONED

NEW YORK, Oct. 23.—(INS)—The American Communications Association today postponed its scheduled strike against the Western Union Telegraph company for one week.

Joseph P. Selly, president of the union, said it had agreed to extend its contract with the company until midnight next Wednesday. The strike deadline had been set for midnight tonight.

## President To Make Opening Address To U. N.

Will Express America's Fervent Hope For U. N. Able To Avert Future War

FIFTY-ONE NATIONS SHARING SESSIONS

By GEORGE DUBNO  
(U. N. Staff Correspondent)

NEW YORK, Oct. 23.—President Truman late this afternoon will present to the top diplomats of the world America's fervent hope that a cohesive United Nations will be able to avert further war. Pomp and pageantry were the order of the day as more than 500 delegates gathered from 51 world governments for a meeting of the General Assembly.

Upon sessions reached between today and early December may well rest the future of the world.

Even more important, perhaps, than the UN General Assembly meeting, was to be a resumption of the deliberations of the council of foreign ministers, adjourned from Paris after weeks of failure to agree upon peace treaty terms with the defeated Axis powers.

The latter sessions will reconvene on November 4.

Impasse Is Faced  
Definitely impressed on the picture of international relations was a definite impasse between the western powers—as represented by the United States and Great Britain—and Soviet Russia and her post-war allies, which embraces much of eastern Europe, the Balkans and some of the Baltic states.

Today, however, a temporary truce prevailed as all eyes turned to Flushing Meadows Park where the United Nations General Assembly is meeting on the site of New York City's last world fair.

President Truman was flying up from Washington to deliver the opening address about 4:30 p. m.

## Shipping Strike Vote Under Way

Approval Of New Contract By Rank And File Will End Engineers' Strike

NEW YORK, Oct. 23.—(INS)—Rank and file members of the Marine Engineers Beneficial Association (M. E. B. A.) registered their votes today on acceptance of a new contract with Atlantic and Gulf Coast ship operators.

If the union's 18,000 members ratify the agreement negotiated by their leaders the maritime strike which has tied up ocean traffic for 23 days will be over as far as the engineers are concerned.

Still Conferring  
However, settlement must still be reached between the ship operators and the A. E. L. Master, Mate and Pilot Union representatives and the ship operators conferred until early this morning and then adjourned but arranged for another meeting later today.

Terms of the settlement of the engineers' strike were not announced but it was reported they included a 15 per cent pay boost and other concessions. It was believed that the masters, mates and pilots were offered substantially the same terms with the exception that masters of ships would not be forced to join the union unless they so desired.

Here's a line for your verse, said a friend from the West as he sipped back his hair and unbuttoned his vest. "Here's a line for your verse which I'm happy to give, it applies on the highway, it's Stop, Look and Live." And I pondered a bit as I milled on his line, and I'll leave it to you if the phrase isn't fine. It sums up this safety thing all in a bunch and properly used I've a kind of a hunch the motorists would then have much more time to play; Stop, Look and Live—sixty-seven today.

## Open House Of Bell Telephone Begun Tuesday

Record Crowd Is On Hand Tuesday Evening To Go Through Exchange

More than 950 residents of New Castle and vicinity were guests of the Bell Telephone Company of Pennsylvania Tuesday night at the opening of the company's three-day open house program in the local telephone exchange at 31 South Mercer street.

Nathan N. Jaquish, local manager of the Bell Company, said that the telephone building will be open for public visiting tonight and tomorrow night, October 23-24, between the hours of 6 and 9 p.m.

Special Exhibits  
Guests at the open house program are conducted on tours of the local communications center. Guides explain operations while the visitors see hundreds of local and long distance calls being handled through the new Castle telephone exchange.

Special exhibits are displayed and demonstrated, showing the operation of mobile radio-telephone and overseas radio-telephone systems. Also explained is the part played by the telephone system in the transmission of television programs and the operation of radio-relay systems.

Admission to the telephone company open house is free of charge and conducted tours of the telephone building take approximately one hour.

### Local Office Grows

Some idea of the growth of the operations of the local exchange during the past ten years, which has necessitated the construction of a new central office building here may be gained by the statistics compiled by Mr. Jaquish.

The total number of telephones serving the local exchange has increased from 2526 business and 6005 residence phones in 1936 to 3,695 business and 13,267 residence phones. The number of subscribers has increased from 1,116 business and 5617 residence to 1553 business and 12,461 residence.

Total local calls has increased from a daily average of 47,779 in 1946 to 87,140 at the present time, and toll calls have increased from 626 per day in 1936 to 1,556 now.

The local office is scheduled for replacement in 1948 in order to handle the tremendous volume of business now being conducted.

The operating force has been increased from 191 on VJ day to 289 at the present time.

The admiralty said the vessels continued on to Corfu.

### LABOR IS CHOICE

DENVER—(INS)—The American public is two-to-one in favor of labor having more to say than big business about future legislation.

Results of a nationwide survey by the National Opinion Research Center, University of Denver, show that 48 per cent of the people favor more voice in legislation by labor, while 22 per cent think big business should have more to say. Another 30 per cent answered the question: "Both the same" or "neither."

### WORLD PREMIERE

HOLLYWOOD—(INS)—Darryl F. Zanuck's production of W. Somerset Maugham's "The Razor's Edge" will have its world premiere in New York on the night of November 19. It was announced today by Twentieth Century Fox.

Georgia has played in three bowl games and won all three.

## PRESIDENT TO MAKE OPENING ADDRESS TO U. N.

(Continued from Page One)

American foreign policy already has been clearly defined, and it was unquestioned that the chief executive's speech would adhere to it closely.

### Wants No More War

In brief, the United States wants no more war, recognizing that the terrible weapons now at hand would be fatal to civilization. Further, the Washington government is determined that smaller nations shall be given free rein to control their own destinies.

Seated before President Truman this afternoon in the beautifully appointed assembly chamber will be the high-ranking diplomats upon whom success or failure of the United Nations organization will depend.

There will be America's Secretary of State James F. Byrnes. And in the state front row, Moscow's Foreign Minister V. M. Molotov—the two leaders who clashed most consistently in Paris over such vital questions as peace treaty conditions, Trieste's future status, control of the Dardanelles, the British "Mediterranean life line" and the autonomy of smaller nations over-run in the recent war.

### Bevin Is Absent

Absent from the opening session will be Britain's bunt-speaking foreign secretary, Ernest Bevin. The Englishman, who will arrive later in New York, had added the contents of his majesty's government to the proceedings, however.

Speaking before the House of Commons in London, Bevin had called for a scrapping of the Potsdam agreement unless Soviet Russia and France were willing to carry out all of its provisions.

Likewise, the British foreign secretary endorsed the American plan for a united Germany, and called to Turkey's support against Russian efforts to take over control of the Dardanelles.

### GOVERNMENT IS SEEKING MEANS TO AVERT COAL STRIKE

statement, pending consultation with Krug who is on a western tour which winds up Nov. 6.

Lewis challenged the arguments of Krug and Collinson that the Krug-Lewis agreement superceded the contract between the UMW and the operators and runs for the full period of government possession of the mines.

The UMW chief took the position that the 1945 clause was preserved by the Krug-Lewis pact. Under it, either party could give 10 days notice for a negotiating conference, and 15 days after such a meeting convened, could give five days' notice of termination of the contract.

### Date Is Advanced

Following this procedure, as he stated on Monday in his request to Krug for a meeting Nov. 15, Lewis said he would accept the date for a possible coal strike three weeks at least.

Krug and Collinson agreed to meet with Lewis "at any time" to discuss provisions of the existing agreement, but flatly rejected the idea of a "binding" conference "for the purpose of negotiating new arrangements affecting wages and other matters."

Collinson indicated that the government would be willing to submit the dispute over reopening of the contract to arbitration, but a spokesman for the United Mine Workers said that the arbitration of such a "principle" was unacceptable.

Mr. and Mrs. John D. Heminger of the Butler road have returned home after a five weeks vacation trip west, where they visited Mr. Heminger's brother, O. E. Heminger, in Wenatchee, Wash.

The Hemingers, who are in the famed Wenatchee valley, where a huge crop of apples is now being harvested.

For the trip west by car they accompanied a third brother, Arthur Heminger, and Mrs. Heminger, of South Bend, Ind.

En route the party stopped at Yellowstone Park.

Their drive west took them through the states of Ohio, Indiana, Illinois, Iowa, Nebraska, Colorado, Wyoming, Idaho, Montana and Oregon. They covered a distance of 5,120 miles.

## STITCH SEW CLUB ELECTS OFFICERS

First meeting of the Stitch and Sew club was held one evening recently at the home of Mrs. Molly Taylor, Hanna street.

The following officers were elected: president, June Rhodes; treasurer, Delores Rhodes; and secretary, Dorothy Duckworth.

The meeting was held in the form of a Halloween party with a delicious lunch being served by the hostess.

Games and music were the pastime of the evening.

Next meeting will be held at the home of Miss Dorothy Duckworth, Morris street, on the evening of November 21.

## MASQUERADE FOR CLASS OF GIRLS

At the home of their teacher, Mrs. Carroll Forrest, English avenue, Saturday evening, Class 18 of the junior department of the First Presbyterian church was entertained for a Halloween masquerade party.

Fun and frolic held sway from 7:30 p. m. to 10:30 and a key scene of Jack-o'-lanterns, colorful autumn leaves, pumpkins, and bit-tarted berries. There were witches, black cats, owls, and cats gowns, even a live ghost.

Games and contests were won by Janet Atkinson, Shirley McGuire, Erma Jean Sheldhammer, Barbara Atkinson, Patty Jo Smith, Ann Louise Perry, Anna Mary Langah, Sandra Sheller, Barbara Gilmore, Marlene Irvine, and Donna Onash.

Novel refreshments were served later in the dining room at a long table centered with a low basket of gourds. Autumn leaves and nuts extended the decorations the length of the table and hunted orange candies added a festive glow. Each place was marked with a candy favor.

On Thursday evening the class plans to attend a masquerade party for the entire junior department in the church Thursday evening at 7 o'clock.

## CORBIN-CHRISTIE WEDDING IN EAST

Miss Gertrude Corbin, daughter of Jesse Corbin of Portersville, became the bride of Percy Christie Jr., son of Mr. and Mrs. Percy Christie of 211 North Second street, Darby, Pa., at a ceremony performed October 19 at 3 p. m. in St. James Episcopal church, Philadelphia.

Rev. F. R. Gilbert officiated.

The bride wore a white herringbone tulle suit with a black leather hat, black accessories and a corsage of rosechilliana.

She was attended by her sister, Miss Anna Mae Corbin, who wore a black gabardine suit with matching accessories and a corsage of orchids.

Richard Christie was best man for his brother.

A reception at the home of the groom's parents followed the ceremony.

The newlyweds left on a moon trip to Florida and on their return will take up residence at 211 North Second street, Darby.

Previous to her marriage, Mrs. Christie Jr. was employed as a Bell Telephone company operator here and has been transferred to Philadelphia.

Mr. Christie Jr. is employed at the General Electric plant in Philadelphia.

## SHOWER GIVEN FOR HELEN VANCOUVER

For Miss Helen Vancouver, bride-elect of Saturday, Miss Sally Theophilus entertained at a pre-nuptial shower in The Castleton on a recent evening.

During the social evening the guest of honor was presented with a shower of lovely gifts of a miscellaneous nature. Refreshments were served afterwards.

Miss Vancouver will be married to Paul J. Baldwin Jr. at an open church ceremony Saturday in the First Congregational church.

## Pandoras Club Meets

Mrs. Ruben Bratt and Mrs. Pat Peluso were the co-hostesses last evening for the members of the Pandoras club when they met in the club rooms on Mill street.

Cards were the pastime of the evening with prizes going to Mrs. Pat Juliano, Mrs. Joseph Di Lillo, Mrs. Sam Crisci and Mrs. Anthony Croach.

Mrs. Joseph Coppel and Mrs. Mary De Blase were special guests of the club.

Later in the evening a lunch was served by the hostesses, assisted by Mrs. Josephine Coppel.

In two weeks the group will meet at the same place with Mrs. Sam Crisci and Mrs. Stanley Latrenta as the hostesses.

## W.B.A. Review No. 98

Women's Benefit Association, Review No. 98, gathered Monday evening in the L.O.O.F. hall, East Washington street, for a 6 o'clock chicken dinner.

Halloween decorations were carried out in table decorations and throughout the room.

After a short business meeting, the remainder of the evening was given over to a social time with contests as diversion.

Prizes were won by Mrs. Laura LaRock and Mrs. Dorothy Cromie, the door prize by Mrs. May Earls, and special prize by Mrs. Virginia Norton.

Next regular meeting will be Monday evening, November 4.

## Section F To Meet

Section F of the Y. L. B. class of the Third U. P. church will meet for a Halloween masquerade party in costume Thursday evening at the home of Mrs. James W. Winslow avenue.

## WASHINGTON CALLING

by MARQUIS  
CHILD

### Mood Of Change Is Upon Country

LOS ANGELES, Oct. 23.—Here in Southern California, the Wallace affair has cut deeper than perhaps anywhere else in the country. The blow-up in the Truman administration shocked liberals and leftists, and their sentiment is a factor to be considered in the election next month.

When he invited Wallace to speak at a big political rally in Los Angeles this week, Democratic State Chairman James Roosevelt knew there were certain risks involved. In what Wallace says, he may alienate the votes of conservative Democrats.

But Roosevelt also knew that it was necessary to take that chance in order to give the left wing of the party something to cheer about and work for. In this state, the liberal-left is far and away the dominating element in the party.

### Seem More Confident

Despite the shock of the Wallace controversy, the Democrats here seem more confident than they are in the East and the Middle West. What is more, there seems to be some reason for their confidence. Differences between left and right are sharper than they are in the rest of the country and therefore the possibility of a mass protest vote to turn the "ins" out is less likely.

The Democrats today hold 16 of California's 23 seats in the house. The Democratic leadership is confident of retaining all but one or two of these seats.

The Democratic candidate for senator is Will Rogers, Jr. The name counts for a lot in the West, where the older Rogers was a folk hero of legendary proportion. Rogers looks much younger than his 34 years, and his personal charm goes over big with California audiences. He gave up a seat in the house to go to Young and that is an asset, too. Young Rogers does not take naturally to politics. He is inclined to offend those who otherwise could be counted on to be active in his support. In contrast, Jimmy Roosevelt is proving to be a shrewd political operator. During the campaign he is devoting full time to what is not a salaried job and he is getting around to obscure parts of the state where Democratic leaders have rarely been seen.

### Opposes Sen. Knowland

Rogers is opposing Sen. William F. Knowland, who is also a young man by senatorial standards, and also a veteran. Knowland, with his attractive wife, is making a campaign which is impressive for its show of endurance. He is stumping this whole state, with its wonderful variety of geography and climate. From one end to the other, starting early in the morning and going until late at night, Knowland makes from 10 to 14 speeches and appears on a radio show each day.

He has added the Wallace issue while the Democrats in Washington and in the country were still wondering what was going to happen next. Knowland called for Wallace's resignation and for support of Secretary of State E. A. Tamm's policy toward Russia.

In his fight for re-election, he is handicapped by the fact that California's master politician, Gov. Earl Warren, a Republican, is above the battle, having won both the Republican and the Democratic primaries. Something the governor had ever done before Warren made certain he would not have to face a contest this fall. Everyone seems to agree that, if he were actively stumping the state, the chances for Knowland and other Republicans to come through would be greatly enhanced.

### Defiant Blast

That is one effect that the announcement of the Wallace visit to Los Angeles had. Warren issued a defiant blast, challenging Wallace's right to come into the state.

The Republicans are hopeful that this means Warren will make at least two or three speeches for the ticket before the campaign ends. He had agreed to go on the radio at least twice for Knowland, but that is not the same as a personal appearance before an enthusiastic crowd.

As to the nation's other great urban centers, the test on Nov. 5 will be how the great mass of city workers cast their ballots. Hollywood champions of the liberal-left, such as Edward G. Robinson, continue to believe that New Deal loyalties will hold and that the Democratic vote in the cities will be surprisingly large, so large as to counter the trend toward the Republicans in the farm areas and in the small towns.

At the moment that sounds like wiseful thinking. The mood of change that is upon the country, with its undercurrent of discontent, may have no deeper meaning than a desire to put the "ins" out. It often seems that under our political set-up this is the only form of expression that discontent can take. Not until we get into trouble do we pay very much attention to the political scene we live under.

(Copyright, 1946, by United Feature Syndicate, Inc.)

### State Police Say:

A famous movie actor and an ex-world champion prize fighter were both killed in traffic accidents in recent months. An accident don't give a clue what your name is or your occupation, or how important you are or how famous. An accident doesn't even have any respect for your personality or good looks. An accident will not surrender to driving skill alone, but an accident has plenty of respect for defensive driving.

### Bible Thought

But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. I Corinthians 2:9.

If the air line strike is not settled by Halloween witches on brooms will be requested to respect picket lines.

Anyhow it's good for business... the sign makers have been grabbing all the profits and now the skywriters finally get a chance to spell out "unfair".

In New York the State capital is being prepared for another weekend commando attack.

Last weekend the capitol was "seized" by 72 ex-servicemen... Not quite a majority of the millions who went to war from the state.

The seizure seems to have been in error... The boys were demanding housing and obviously mistook the legislative building either for a saw mill or a nail factory.

But it was a politically neutral crowd... They were all against Dewey.

Just think... A couple more weeks and we'll be back to normal abuse.

## LOOKING AT LIFE

By ERICH BRANDEIS

Another married couple we know will get their divorce in the near future.

Nice people both of them; they tried hard but just couldn't make the grade.

She wants and needs luxuries and excitement; he can't make enough money to give her what she wants.

So, it's good bye and glad to have met you.

Next month my wife and I are going to celebrate our silver wedding anniversary.

We are going to blow ourselves to a trip to California and the same fellow who introduced me to my wife is going to give us a big party.

His name is John P. Medbury, the fellow who writes the Amos 'n Andy show, and he is married to one of the sweetest girls we ever met and whom we love like our own sister.

Later on I am going to tell you much more about our party and our trip, but I can tell you right now that we look forward to it as two kids look forward to Christmas.

Twenty-five years—and not a sorry minute in all those years.

I remember that Johnny Medbury lent me the money for the marriage license and for the wedding party I gave that night.

It was a sort of party—in a Broadway hash house, and I think the bill came to sixty-five cents apiece with a glass of wine thrown in for every guest.

But we had a heck of a good time. We were young, and there was no such thing as the past. Only the future and fame and fortune ahead.

I took my bride to a furnished

room, where we lived happily for several months. She went to work and I went to work.

The honeymoon was very short because we both had to be at our jobs the next morning.

It was pretty tough sledding for a long while, but we did our sledding together and we did it with a smile.

Sometimes we missed a meal or two, but we didn't care.

Sundays we took long street car rides and walks in the park—and there were always the moon and the flowers and the trees—and the future.

Well, you can imagine that, after twenty-five years, I occasionally see more glamorous and younger girls than my wife.

And I have a faint idea that I am not quite as gorgeous any longer as Van Johnson or Alan Ladd.

Every once in a while my thoughts and my eyes wander and my wife has even accused me of flirting.

But I can tell you this much: I wouldn't exchange all the glamour girls in the world for that one silver-haired wife who has given me more happiness than anything else in this world could have given me and who has brought out everything that is good in me and overlooked all the things that are bad.

I don't think there will be any divorce in our family.

### Charming Mr. Bowles In Receptive Mood

WASHINGTON, Oct. 23.—IF Mr. Chester Bowles, once director of the OPA and even more recently an unsuccessful aspirant for the Democratic nomination for governor of Connecticut, does not land some pretty important post pretty soon, it is certainly going to disappoint very much the journalistic gentlemen of the left who are so busily boosting him.

AND, one gathers from them that Mr. Bowles himself will be slightly disappointed, too. For his recent visit to Washington gave further and convincing evidence of a desire to get back into public life and a willingness to expose himself as available for this, that and the other. An idea of what Mr. Bowles thinks he is doing, and what he wants to do could be rather clearly seen from the account of two veracious chroniclers with whom he had obviously talked.

BY these Mr. Bowles is represented as more or less the whirlwind type who caused a big stir in Washington last week when, "with his own peculiar mixture of persuasiveness and indefatigable charm," he talked with the "big-wigs of the Administration from President Truman and Mr. Haneggen down; also with leaders of labor and the left from "Henry Wallace and Philip Murray Bowles left it be known at Democratic headquarters that invitations for him to speak in the campaign would be favorably considered and that already there is "great demand" for him. Finally, we are told that despite the political catastrophe that overtook him in Connecticut, it would be a great mistake to count Chester Bowles out.

FOLLOWING Mr. Bowles' visit there have been conflicting reports, first, that Mr. Truman had offered him the post of social security director if and when Congress created this new Cabinet position; that Mr. Bowles, convinced that he had been "bamboozled" out of that nomination in Connecticut, had asked for that job—and one or two others. Whatever the truth of this, the fact is perfectly clear that Mr. Bowles is undaunted by defeat and determined to make his mark in the political world as he already has in the advertising world. In pursuit of his quite evident political ambitions, which seem entirely undiluted by the Connecticut experience, Mr. Bowles appears to have two distinct liabilities which somewhat offset the assets claimed for him. One of these assets is that "peculiar mixture of persuasiveness and indefatigable charm." This evidently refers to the Bowles personality which, however it may have endeared him to some, others have found, while indefatigable, not irresistible at all. A second asset is his extreme enthusiasm about himself, plus his skill and experience in the great art of publicity which is the very bloodstream of politics.

HERE, too, there is a slight drawback to the asset—first, because it is contended, the publicity is slightly overdone, and second, because his enthusiasm about himself is not shared by enough people. For example, take the explanation of his Connecticut defeat given by the erudite Dr. Raymond Moley, recently returned from Hartford. According to Dr. Moley, Mr. Bowles was not "bamboozled" out of the nomination, as his journalistic reflectors in Washington allege. Dr. Moley asserts that Mr. Bowles lost the nomination for the simple reason that he did not have enough convention delegates and that was due to the fact that "the convention like the Connecticut Legislature, heavily loaded with rural elements, simply filed Mr. Bowles along with the old OPA station cards."

AS TO Mr. Bowles' liabilities in the congenial political future which his literary friends are picturing, they seem fairly obvious. One is that instead of having made himself an outstanding champion of the "common man" by his administration of and fight for the OPA, he has merely identified himself with what certainly has wound up as one of the most unpopular and sloppily administered of all the many Federal agencies created since 1933. The other liability is that, as reported by his journalistic reflectors, Mr. Bowles conceives himself as "the link between the Truman Administration and the left." At least he is portrayed as believing that he could be of a great use to Mr. Truman's Administration and the Democratic party if he were properly placed for use as the link.

QUITE clearly Mr. Bowles does not intend to permit himself to be "counted out," but whether the President has been sold on the idea of counting him in is a matter of doubt. However, it is pretty generally agreed that if and when Mr. Truman proposes him for a position that requires Senate assent it will take all that "peculiar persuasiveness and indefatigable charm" to secure confirmation. For the fact is that the violence of the verbal battle which Mr. Bowles waged in his effort to prevent the cancellation of the OPA precluded more than one senator against him, left more than one with his feelings bruised. Probably, Mr. Bowles could charm these senators into acquiescence if that were the only cause for reluctance. But, there is that matter of "the link" with the "left" that isn't going to help too much in a Senate which will be considerably more to the right than it has been in a long time—much more inclined to be suspicious of links with the left.

### OLD MAN RENNIE DEFENDS HIS RACKET

## The Parent Problem

By GARY C. MYERS, Ph. D.

### MEALTIME SHOULD BE FUN

Happy is the home where parents and children enjoy being together, especially at meal time. Unfortunately, in some families the child and his parents are almost constantly annoyed at one another.

Of a boy nine years old, his mother writes: "He is an only child and feels we are not paying enough attention to him. Every time his father and I are talking together quietly he will talk until we stop and listen to him. Also he will contradict whatever we say. At mealtime it is always the same. He talks and talks until we tell him about half a dozen times to keep quiet and eat. Then, of course, I get mad and lose my temper which causes his father to get angry and there we are."

"Do all boys talk to themselves about stories and pictures they have seen? He does after going to bed. Please find a stamped, self-addressed envelope enclosed."

Here, in part, is how I answered this mother. In almost every family such experiences as you relate may arise. They just come with unusual force and frequency in your home. You might be able to work out some ways of making things go better.

### Talk It Over

Perhaps you and your husband could profitably sit down and quietly talk over this problem. You do want to enjoy this son and have him enjoy you. Ask yourselves if you really do listen attentively at times to what this lad has to say. Since he talks to himself at bedtime about stories and pictures, you might find it pleasant to hear him tell you of such occasions. It would be certainly worth your while to get the individual attention of either of you and must say a hundred words to have one heard.

Ask yourselves whether you might work out a way with him whereby he could feel free to talk and know that he would be heard, at reasonable intervals. I'm sure you do want him to talk. Let him know that you have a proper talking time, and not to break in when you are talking with any other person.

### A Common Topic

Ask yourselves whether you two aim to talk, especially at meals, about things within his understanding and interest. Try to tell some funny things and encourage the boy also to do so. Of course, he must learn to wait and not interrupt, only you should not expect him to wait unreasonable long.

At the beginning of the meal, place a clock on the table. Tell him that you and his father have agreed that he will see the justice of it and that both of you will give him your wholehearted attention for three minutes; that from the end of that time he shall not say a word; that the next six minutes, that if he breaks in before the time is up he will have to finish his meal in another room.

If you follow this plan to the letter, he will see the justice of it and you won't have any occasion to get vexed. You will recognize his right to talk and he will learn to wait and respect your rights. Continue using the clock until the boy has learned proper time-proportions and has had sufficient practice at waiting while others talk.

## Conduct Of Some G.I's Abroad Comes In For Criticism

By FRANCES MUSIC  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 23.—An army document said today that success of American occupation policies has been jeopardized by various types of "irresponsible" soldiers, among them the frustrated "would-be conquerors."

Basic reasons for the conduct of some G.I's in Germany and Japan which was said to "disgrace the United States" were set forth by the war department's education and information branch.

The material was prepared for use by army officers in leading army discussion groups.

### Fail To Meet Responsibilities

The document said: "Some soldiers have failed to live up to their responsibilities and this has lowered the prestige of the United States abroad, and jeopardized the success of our occupation policies."

The majority of offenders were said to have been guilty of non-serious crimes such as "hoodlums" at the expense of private citizens, bullying, terrorism, intimidations, malicious mischief, petty larceny and plain disregard for the rights of others."

The pamphlet said in defining various types of G.I's held responsible:

"Some soldiers who did not have the opportunity of engaging in combat operations came to the occupation zones feeling that fate cheated them out of playing the role of a conqueror, and they try to alleviate their frustration by pushing around the Germans, Japanese and others with whom they come in contact. "This, they feel, identifies them in some way with the men who fought, proves how tough they are."

### Born Bullies

It was parenthetically observed that "to many, however, they resemble a little Scottie, trotting up with a throaty growl and biting a dead elephant."

Other types listed in the document were:

"Born bullies who delight in petty, tyrannical over anyone who cannot or will not fight back. (This is one of the outward signs of an inferiority complex.)"

Some who are so afflicted with

extreme provincialism that they are critical and contemptuous of any ways of life that differ from those to which they are accustomed. (This is an indication of plain ignorance.)"

The mischievous: They give way to high spirits without realizing what effect their conduct can have on people who do not understand American mischievousness.

"Home boy on the loose." They feel that because they are far from home, among a foreign population, the bars are down and they do not have to adhere to stateside standards of fair dealing.

The document said that their actions "provide powerful ammunition to those abroad who are seeking to discredit the United States, to discredit the democratic principle."

## Say Tokyo Rose Was Many Women

Consequently U. S.-Born Japanese Girl Will Not Be Tried For Treason

LOS ANGELES, Oct. 23.—(INS)—"Tokyo Rose," who tried without success to lure American soldiers into Jap prison camps with insinuations of faithless wives and other morale-breaking stories, was not one woman, but many.

Largely because of this, Ira Toguri, Los Angeles-born Japanese girl, is not going to be brought to trial for treason.

United States Attorney James M. Carter announced that thoughts of prosecuting Miss Toguri have been dropped.

The decision closed a case that developed shortly after the Japanese surrender when stories reaching this country identified Miss Toguri, who went to Japan a few months before the war started, as "Tokyo Rose."

Carter said that an FBI investigation established that the American-born girl never was one of the feminine propagandists the Japs used on the programs of popular records beamed to American soldiers.

Her only connection with the programs was to announce the title of the pieces being played, and this has been deemed insufficient to warrant action against her.

CHICAGO, Oct. 22.—(INS)—The father and brother of Ira Kiku Toguri—"Tokyo Rose" to G.I's who fought in the Pacific—were overjoyed today in Chicago when they were told the government had dropped its plan to prosecute her for dispensing subversive propaganda.

Her father, Jun, 65, and brother, Fred, 35, who operate a fish and grocery store in Chicago, said they would seek her return to this country from Japan, where she has been held in Suzima prison. They added: "We only hope that no one tries to hurt her when she gets back. We are convinced that she was a victim of circumstances and did not appear voluntarily on the Tokyo radio."

## Increase Price Of Canned Baked Beans

WASHINGTON, Oct. 23.—(INS)—The OPA Tuesday granted price increases of from two to three cents a can on canned baked beans.

The agency said that the increases reflect higher costs of dry beans, tomato sauce and sugar. Both pork and beans and vegetarian beans will be affected.

The increases to processors are effective at once and will be reflected in store prices as soon as shipments made under the new ceilings are received.

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Oct. 23.—(INS)—

Peeping Toms would do well to stay away from Lana Turner's new Brentwood home.

Electric eyes give warning on every outside gate and the house itself has an elaborate burglar alarm system.

The protection actually wasn't any idea of Lana's. It was installed by a previous owner, but Lana, when she moved in a few days ago, figured she might as well keep it in operation.

Getting a new home in order is as much a job for a screen beauty as anyone else, but Lana got a couple of free extra days just by chance. Her \$4,000,000 M-G-M starrer, "Green Dolphin Street," had to be halted because of a brief illness of her screen sister, Donna Reed.

The new house has ten rooms, but is nowhere near the size of the place she sold a few months ago for \$150,000. But like the other, it has a swimming pool.

It seems like the public is going to like Walter Pidgeon and Claudette Colbert in their first co-starring picture, if the reaction of a Glendale sneak preview audience is any criterion.

M-G-M showed "The Secret Heart" there the other night, and,

as usual, sampled the audience with cards for suggestions.

They got 222 cards returned. There wasn't an adverse criticism on any of them, which is something of a Hollywood record.

SALT STATISTICS

NEW YORK.—(INS)—Although salt is a precious commodity in some countries because of its scarcity, the world has an untouched inexhaustible supply in the ocean. It has been estimated there are 14 quadrillion tons of salt in the seas, with rivers adding 100 million tons a year. If recovered, this amount would stack up in a layer a mile and a half deep over the entire United States.

## WKST HISTORY

Radio Station WKST was founded October 23, 1938, by its present owners, Samuel W. Townsend and Arthur W. Graham, as a 250 Watt local daytime station only. In October, 1939, it increased its power to 1000 Watts and on June 15, 1941, commenced unlimited time broadcasting.

Major Baseball, College and local football broadcasting was brought to New Castle in 1941. February 15, 1945, WKST became an affiliate of the Mutual Broadcasting System. WKST is now a basic member of the World's Largest Network, comprising as it does over three hundred stations in the United States and the territories of Hawaii and Alaska. WKST broadcasts New Castle's religious, fraternal, agricultural, educational and civic activities. The high school football games, parades and political contests with no bias or favor shown to either side. During World War Two, WKST gained an enviable reputation in the sale of War Bonds, and especially toward the recruiting of personnel for all branches of the Armed Services; also the Red Cross drives and in the War and Community Chest Drives. During the entire course of the war, WKST donated four quarter hours and sixteen announcements a day toward the war effort.

TODAY WKST's efforts are devoted toward bringing you better radio listening through its well balanced scheduling of a variety of entertainment—Public Service features and complete coverage of local and world news.

IN THE FUTURE as radio progresses, so will WKST progress in service to you, our friends of New Castle and vicinity.

Krakatoa, a small volcanic island of 13 square miles, lay in peaceful slumber for 200 years. In 1883 the volcano became active and, after several months of small eruptions, reached a grand climax, during which the island disappeared completely. One-half of the world heard the explosion.

Spanish padres in 17th century New Mexico kept delicacies such as tobacco and chocolate under lock and key in the churches. Such items were distributed to Pueblo Indians in small quantities.

When the sun and moon pull together, we have high or spring tides; when they pull against each other, we have low or neap tides.

## Rest Of Nazis Awaiting Trial

Lesser Lights Of Infamous  
Hitler Regime Being In-  
dicted At Nuernberg

By GEORGE MARTIN  
(U. S. Staff Correspondent)

NUERNBERG, Oct. 23.—A galaxy of history's most sinister henchmen, the men who brought Hitler's gamble close to success, sat today in bare solitary cells in Nuernberg prison while legal experts of the four powers completed indictments for their trials.

These trials are expected to begin within a month.

With the exception of those who committed suicide and the ten who were hanged last Wednesday before dawn, a whole "who's who" of the Nazi regime can be checked off along the bleak corridors of the massive jail.

The cells contain nearly 200 top-flight officials of the destroyed Third Reich, including more than 60 full generals, 20 industrialists and 14 medical doctors who perpetrated experiments at concentration camps upon living bodies.

Others awaiting trial include gaudieres responsible for outrages against parachuting Allied fliers or mass deportations of Jews, propaganda editors who incited the Germans to atrocities, and Nazi party chiefs who terrorized Germany and all of Europe.

International News Service learned that among those in detention at Nuernberg are:

Former Reichminister and SS Oberguppenfuhrer Dr. Hans Heinrich Lammert, chief of Hitler's inner cabinet and one of the Nazi dictator's closest advisors.

Air Marshal Karl Heinrich Bodenschatz, Goering's chief of staff and biographer.

SS Oberguppenfuhrer Herbert Backe, former Nazi minister of food and agriculture.

Prof. Dr. Handloer, chief inspector of the German army medical service.

Professor Gebhardt, a famed bone specialist.

Dr. Hermann von Siemens, chairman of the sprawling electric monopoly of the Third Reich.

Dr. Puhl, director of the Reichsbank.

**New Arrivals Daily**

Almost daily, there have been new arrivals gradually filling the wings of the prison.

The prisoners enjoy a diet twice that allowed the average German. They are permitted to read and write all they wish, but are completely isolated from each other.

Meantime, the Allied "subsequent proceedings" staffs are hurrying to complete the cases against these Hitler lieutenants, and waiting the go-ahead signal from the White House in Washington.

It is as if a steady stream of new arrivals were being poured into the prison, the trials are held in each zone rather than before another international tribunal, further delays are expected. These would permit the establishment of legal rules for procedure.

## BADGER'S CONDITION IS STILL CRITICAL

Although Samuel Badger of R. D. 1 had a fair night, his condition is still critical. It was stated at the Jameson Memorial hospital this morning.

Mr. Badger suffered a fracture of the skull and pelvis, when he fell from a platform on which he was working in West Pittsburg Monday afternoon.

Amethysts once were worn to prevent intoxication, and the name comes from the Greek anichstos, meaning "not drunken."

## FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day, every hour, millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic, easily too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin, firm flesh, fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Body Health.

## Presbyterian Hears Of Philippine Work

Miss Ruth Swanson Tells Of Internment In Jap Prison Camp On Philippine Islands

A large attentive audience listened to Miss Ruth Swanson, missionary to the Philippines under the Presbyterian board, as she unfolded her experiences on that island at the fall meeting of the Shenandoah Presbytery of the Ellwood City and New Castle districts at the First Presbyterian church of Bessemer on Tuesday.

Miss Swanson, who with a number of other American missionaries was held prisoner by the Japanese during the past war, was released by the American soldiers. She recounted some of her experiences while a Japanese prisoner.

Using as a theme, "In His Will Is Our Peace," the day's sessions got under way at 9:30 a. m. with the registration, followed by the worship service, led by Mrs. Chester Crabbe, wife of the pastor of the local church, Mrs. J. G. Weingartner of Ellwood City presided.

Mrs. Chandler McMillin of Bessemer gave the greeting with Mrs. Edith Wiley of Ellwood giving the response. Mrs. E. E. Moon, president of the organization from Sharpsville, conducted the morning's business, after which she introduced the speaker of the day, who spoke briefly.

The afternoon session began with an organ recital at 1 o'clock, with Mrs. Audley Snyder playing. Mrs. Charles Nelson of Bessemer presided during the afternoon, introducing Mrs. Maude Turner of Ellwood, who conducted the worship service. Mrs. C. M. Propst of New Castle gave an interesting report of the national meeting.

Proceeding the address of the day, Mrs. John Hayes and Mrs. Lester Nord of Bessemer sang a duet number.

**Kilroy Gag Gets Interest Of Japs**

TOKYO, Oct. 23.—(INS)—"Kilroy"—the well-travelled wartime GI—has entered the homes of the Japanese people through the medium of the comic strip, "Maggie and Jiggs."

The strip has been running in the Japanese newspapers Yomiuri for a week and today the editor called on International News Service for help in explaining the gag to his readers.

Who is Kilroy, lots of people are asking," said the harried editor. He was told that Kilroy was America's greatest wartime running gag and that origin of the legend "Kilroy was here" never has been definitely established.

Kilroy's "press agents" have been active in Japan and even pencilled his name all over one wall of a room in the Tokyo war crimes tribunal building.

Until the Japanese translation in the comic strip appeared the Japanese had evinced no great interest in the name.

Giant tree frogs are found in Key West, Florida, and probably came there from native Caribbean islands by travelling on palm trees knocked into the water by hurricanes.

## FEDERATION HEARS

### MRS. J. S. WILLIAMS

Fall meeting of the Lawrence County Federation of Women's clubs took place Tuesday morning in the lounge of the Y.W.C.A. when a gathering of representatives of women's clubs of the county heard an address by Mrs. J. Stewart Williams of Kingston, legislation chairman of the Pennsylvania Federation of Women's clubs.

Mrs. Williams spoke on bills to come before the next session of Congress urged clubwomen to inform themselves on pending legislation and to watch the progress of important bills. Each of us should be sure to vote in the coming election, she urged.

Among important bills to be introduced into Congress she mentioned one for six months' compulsory military training, and another concerning health which she urged the audience to study carefully, both pro and con.

House Bill 181 is one to give federal aid to education without federal control and House Bill 568 to be introduced is one dealing with a raise in teaching salaries.

At its fall board meeting, the Pennsylvania Federation of Women's clubs, on the advice of Mrs. Williams, the board endorsed a state bill providing uniform pay for men and women doing comparable work.

The bill is one proposed by the Pennsylvania Federation of Business and Professional Women's clubs.

Mrs. Lucien C. Black presided at the meeting which opened with the singing of one verse of "America the Beautiful."

Charles I. Sager, professor of music at Westminster college, gave an interesting account of his experiences this past summer at the Berkshire Music Festival in Massachusetts, where he took part in the first performance in this country of the opera "Peter Grimes" composed by Benjamin Britten.

To conclude his talk Mr. Sager sang a group of four baritone solos, which received enthusiastic applause.

Mrs. H. B. Powelle of New Wilmington was piano accompanist.

Next meeting of the federation will take place in the spring.

## Reunited Ladies League

Reunited Ladies League members met recently at the home of Mrs. William Huston, Richfield avenue, for games with prizes going to Miss Hilda Hines, Mrs. C. N. Shuler and Mrs. Ralph Phillips.

In serving a lunch the hostess was aided by her daughter, Miss Margaret Davies.

Next meeting will be Thursday, October 31.

## To Sail For England

Mr. and Mrs. Clifford Powell of Eureka, Calif., have concluded a visit with Mr. and Mrs. A. B. Williams of near Enon Valley. They left Tuesday for New York City where they will board the Queen Elizabeth for England on Friday. They plan to remain in England until January. Mr. Powell is a nephew of Mr. Williams.

## Engagement Revealed

Mr. and Mrs. Henry S. Barber, of 448 Court street, announce the engagement of their daughter, Berna Barber, to Elmer F. McMahon, son of Mr. and Mrs. D. A. Ross, of 726 Cleveland avenue.

No date has been set for the wedding.

## Ladies Auxiliary Meeting

At post headquarters, the Ladies auxiliary of Neshamink Post No. 315, will meet on Wednesday evening at 8 o'clock. A report will be given of the visit to Deben Hogstad on Sunday.

## 1946-500 Club

Mrs. Wilbur Stigler, of Milton street, will be hostess to the 1946-500 club, Thursday evening.

## W. C. T. U.

AND L. T. L.

## Plaingrove W. C. T. U.

The Plaingrove W. C. T. U. gathered at the Grange hall Friday evening, which was family night, and a tureen dinner for the members and their families. The tables carried out the customs of the Halloween season.

The evening's program was under the leadership of Mrs. Anna-belle Cochran. A duet was given by Miss Leora McConnon and Mrs. Mary Burns. "Have Thine Own Way," Mrs. Grace Thum opened the devotional period, with "The group singing, "This Is My Father's World," after which she read the Scripture and offered prayer.

The L. T. L. under the supervision of Mrs. Vessie Connell, was an exercise with the following taking part: Ruth Ann Lutz, Marjory Cory, Janet Maxwell, Clara Stevenson, Jimmy Cory, Jere Cunningham, George Maxwell and Gaylord Brown. Songs "In the Garden," by L. T. L. with Mrs. Cochran leading the group singing and closing the song service with "God Be With You." A moving picture was shown, entitled "Dollars and Sense" and the benediction was given. The meeting was turned over to the president, Mrs. Sara Stevenson. Thirty-one members were present with their families.

Visitors were John Cornelius, the principal, Miss Mary Kate Elliott and Miss B. Woods, teachers of Plaingrove school.

Next meeting will be held November 13 at the home of Mrs. Cecilia Adams, with Mrs. Acheson Breneman as leader. Aides will be Mrs. Ada Offutt, Mrs. Minnie Martin, Mrs. Grace Hohmann, Mrs. Florence Shaw and Mrs. Elsie Cunningham.

## PERSONAL MENTION

## WE'RE HANDLING THE BIGGEST VOLUME IN OUR HISTORY

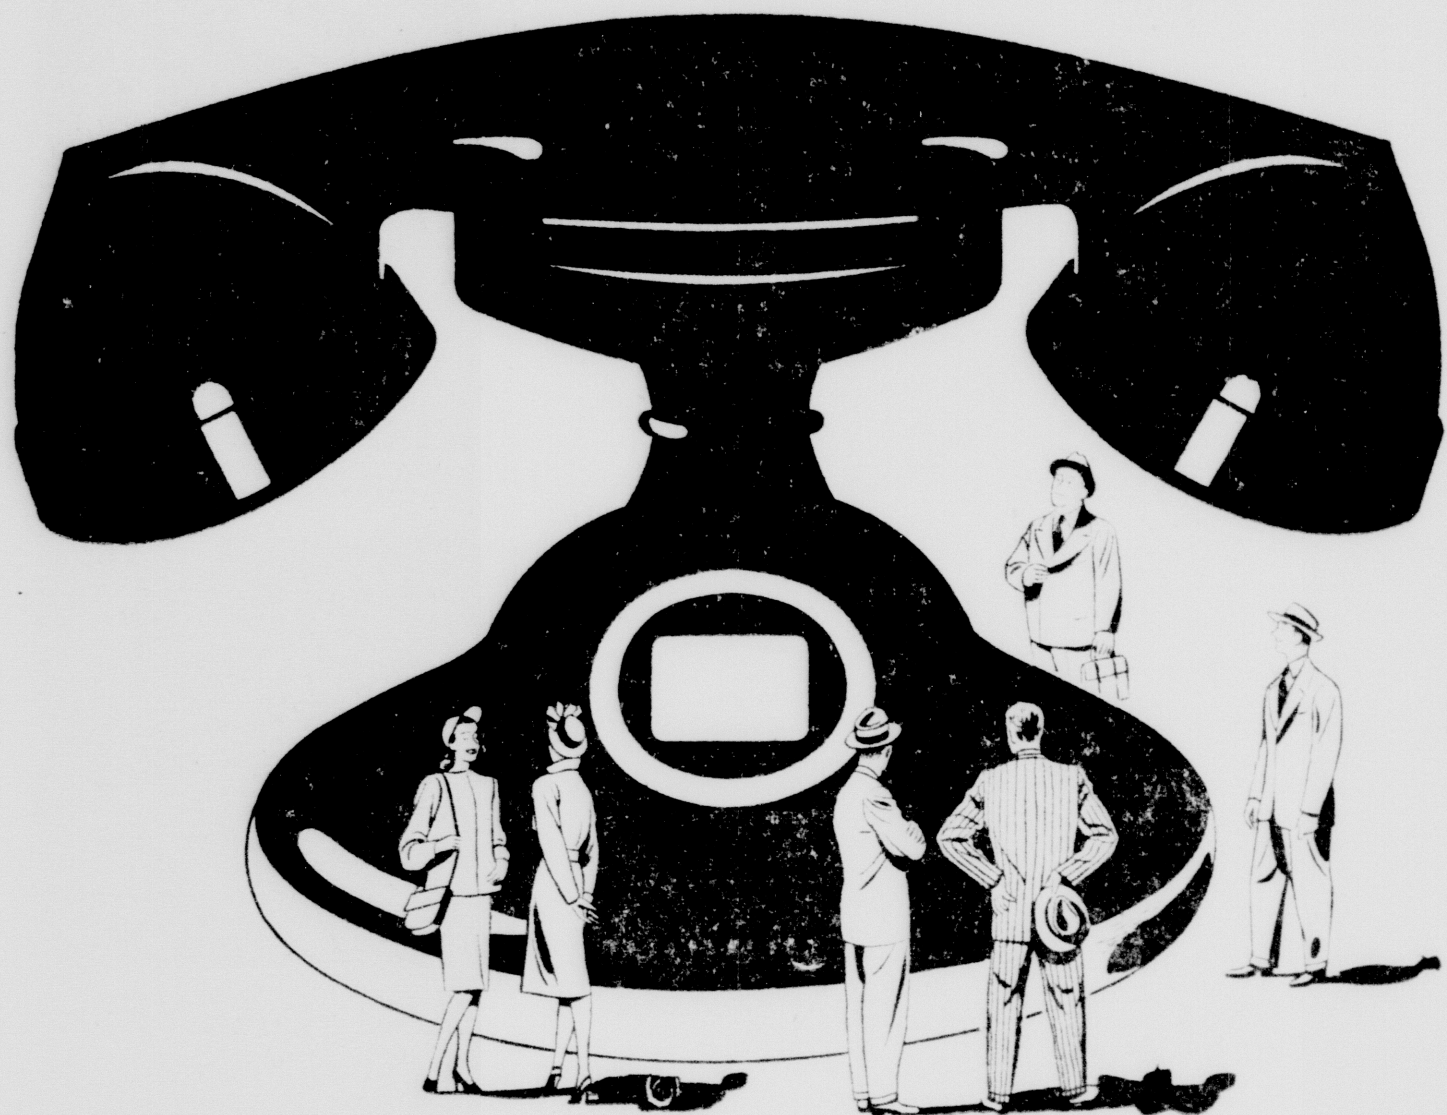

NOT ONLY IN THIS COMMUNITY, but all through the State, we're putting through more calls in 1946 than in any other year in Bell Telephone history.

And we're doing the job with a severe shortage of equipment. We simply can't get all the material we need to increase our facilities.

Even so, most calls go through quickly and smoothly. Most of the time, in most places, service is good.

Occasionally, however, there may be a delay before the operator can answer your signal. If this happens, we hope you'll understand. The operator doesn't like to keep you waiting even for a moment. But the switchboard equipment sometimes gets swamped with more traffic than it can handle.

This situation is temporary. It will end as soon as we can secure and install the necessary equipment.

### Seventh Ward

#### Mr., Mrs. J. L. Agan 50th Anniversary

Seventh Ward Couple Celebrate  
Golden Wedding Anniversary  
At Their Home

Friends and relatives gathered in the home of Mr. and Mrs. J. L. Agan of 216 West Madison avenue on Monday. The occasion was in celebration of Mr. and Mrs. Agan's fiftieth wedding anniversary. The guests included their children and grandchildren.

In the morning, high mass was said for the couple in St. Margaret's church, with Rev. Fr. James Keenan, pastor, officiating.

Breakfast at the Agan home followed, with the immediate family participating.

In the afternoon and evening, the honored couple received the felicitations and good wishes of friends and relatives.

A tasty buffet lunch was served by the daughter, Sister Marie Vianney, and daughter-in-law, Mrs. James P. Agan.

The honored couple received a number of beautiful floral bouquets, lovely gifts of gold, and many cards of greeting from friends and relatives in various parts of the country.

Children of the union are Sister Vianney of Uniontown and James P. Agan. Out-of-town guests were Mrs. James P. Agan and two children, and a niece, Miss Catherine Scanlon of Chicago.

Mr. and Mrs. Agan are in good health. They were married at St. Mary's church, October 21, 1896, by the late Rev. Fr. Joseph Gallagher.

Mr. Agan was in the grocery business at 15 North Ashland avenue for about 40 years, after which he retired.

## You make the Financial Weather

A free market, like a free election, provides a meeting ground for all shades of public opinion... and the majority opinion of the moment prevails.

Thus, this financial marketplace—one of our great free institutions—records the composite opinions of millions of investors. Their ideas about

the future of business, about all economic questions that affect the national welfare, are reflected daily in the market quotations.

You, as a part of the American investing public, help make the weather in this financial market. The Exchange itself, barometer-fashion, merely records it.

#### BEWARE OF "THEY SAY"

To those who exercise their financial "vote" through the facilities of this market, the Exchange offers this advice: At no time is it safe or sensible to base your investment decisions on vague rumors or alleged "inside" tips. The grapevine will always let you down.

Army Informs Publisher Flory Remains Of Son Are Being Shipped Home

PAWNEE CITY, Neb., Oct. 23.—(INS)—Harry D. Flory, Sr., today was in receipt of official information of his son's death at the hands

of a Russian sentry in Berlin last Sunday.

The Pawnee City newspaper publisher received the following telegram from the war department:

The secretary of war has asked me to express his deep regret that your son, Harry D. Flory, Jr., died in Germany Oct. 20, 1946, as the result of gunshot wounds in the chest. Confirming letter follows. His remains are being returned to the United States.

The elder Flory earlier revealed that General of the Army Dwight Eisenhower has ordered an investigation into the killing of his son.

## City And School Taxes Well Paid

Treasurer Reports \$1,654,164 Has Been Paid Into Two Funds This Year

### OTHER NEWS OF CITY HALL ACTION

City Treasurer Bernard N. Hanlon today reported a splendid collection of tax money this year for 1946 city and school taxes.

Of an assessed valuation for city taxes of \$679,708, only a balance of \$40,478 remains, \$639,229 having been collected.

With a school assessment of \$675,456, there has been collected \$925,337, leaving a balance of but \$50,118, Mr. Hanlon reported.

#### Plans Approved

The preliminary plans for the new city building having been approved by members of council recently, it is anticipated that within the near future blueprints will be made. The city proposes to place the new structure at Grant and North Jefferson streets, having acquired the Dana property through the sale of bonds for \$30,000. At present it would be difficult to procure materials for building a public structure, but it is anticipated by city officials that there will be materials available next year for the new building, while not highly ornamental, will be modern.

#### Comments Police

Police do sometimes receive a pat on the shoulder. Many of them receive verbal and written kicks, but there came today to Police Chief Robert D. Hanna and subordinates a nice letter of commendation from Principal Gerald Nord of Ben Franklin.

Principal Nord wrote to the chief thanking the police for the splendid

help given at the junior grid game Saturday and also added that the police, at all games, have handled traffic to and from Taggart stadium so efficiently there have been no blockades.

#### Good Health Record

Dr. W. A. Womer, city health superintendent, today stated that this city has one of the best records for health in the country. "Diphtheria and typhoid fever have disappeared. He said that the injections given school children is responsible for the disappearance of diphtheria and the close check kept on milk and water is responsible for the disappearance of typhoid. The health officer said that, three decades ago, the only city which had a higher typhoid rate than New Castle was Yakima, Wash. There has not been a contagious illness here in months, he reported.

#### City Hall Jottings

Signs for Spur 79 of Route 422 (Taylor Street) are being painted by Neil Black, city painter. Police Chief Robert D. Hanna stated today that some students who drive cars to school will be arrested on a charge of reckless driving if they are caught operating a car in that manner, as is charged by some citizens. According to a statement made in city hall yesterday the golf report of Sylvan Heights course, when presented within the next weeks, will show that for the first time the municipal course broke even. Joseph D. Alexander is in charge of the golf course.

## Murder Charge Dropped Against Pittsburgh Boy

PITTSBURGH, Oct. 23.—(INS)—Charles Hazlett, Jr., 13, the youngest person ever to face a murder charge in Pittsburgh, was scheduled for arraignment in juvenile court today for disposition of a charge of involuntary manslaughter.

Young Hazlett, confessed slayer of 12-year-old Michael Garrich, pleaded guilty to manslaughter in criminal court yesterday and was turned over to juvenile authorities. A murder charge had been dropped. The youth repeated his story of fatally shooting the Garrich youth during a game of "cop and robber" last New Year's eve. He told of burying the body in an ash heap in the basement and kept it a secret eight months.

Young Hazlett was arrested last August in Buffalo while visiting an aunt.

## Report Decline In State Polio

HARRISBURG, Oct. 23.—(INS)—A decline in infantile paralysis cases was reported today by the state health department.

Five cases were reported during the past week, boosting the total number of afflictions during 1946 to 222, according to Deputy Secretary J. Moore Campbell.

"The rate of incidence has been steadily downward since September 12," Campbell reported. "The turning point generally comes during September or October."

The department recorded a total of 689 poliomyelitis cases last year between January 1 and October 18, Campbell said.

## Euclid Ave. Water Main Will Be Cleaned Out

Eight thousand feet of 12-inch water pipe will get a shave, a shampoo and a trim Thursday, October 24, J. Lepore Matthews, superintendent of the New Castle Water company, announced today. The job will require a couple of hours time but will add considerably to the pressure of the water supply in the Euclid avenue district.

J. A. Fielder of the National Water Cleaning company arrived today to supervise the job and brought with him a mechanical device which looks like a long steel caterpillar with six sections of steel fingers and two buffer like ends.

This peculiar looking gadget, which is articulated to make bends, will be put into the 12-inch main at the water company plant and the water turned in. The pressure

of the water pushes the cleaning instrument through the main about as fast as a man can walk. As it goes through, the steel fingers scrape and claw at the sides of the pipe and remove the incrustation of iron oxide that has been accumulating since the early 1900s, when the main was laid.

The incrustation is pushed ahead and comes out at the end of the pipe much like an iron oxide sausage. The line at present is about 50 per cent efficient, due to incrustation. The cleaning device will return it to the point of efficiency almost as high as new pipe.

Householders in the Euclid avenue district will be inconvenienced for a short time while the cleaning is going on. It will be necessary to shut off the water for a little time but the time will be announced to the customers along the line and they can store water enough to last them for an hour and a half or two hours.

## Install Rev. Weisz At Rich Hill Church

Impressive Installation Takes Place Tuesday Night; Volant Service This Evening

Members of the Rich Hill Presbyterian church witnessed an impressive installation service Tuesday evening in the church when their new pastor, Rev. A. B. Weisz, was officially installed as minister.

Dr. John Orr, professor at Westminster college and moderator of Shenango Presbytery, had charge of the service, acting as moderator with Rev. E. D. Walker of West Middlesex delivering the charge to the pastor. Rev. W. J. Holmes, retired minister, gave the charge to the congregation.

Dr. Orr preached the sermon of the evening. This evening at the Volant church Rev. Weisz will be installed in that church, with Dr. S. A. Kirkbride

## Uncertified Jewish Refugees Debark On Island Of Cyprus

LONDON, Oct. 23.—(INS)—Refugees reported today that the British troopships Ocean Vigor and Empire Rival have arrived at Famagusta, Cyprus, with 819 uncertified Jewish refugees from Haifa.

The report said debarkation and confinement to a detention camp on the island went off without incident.

The refugees were board the Braha Fud—seeking entry into the Holy Land—when the vessel was intercepted by a British minesweeper and led into Haifa harbor. The refugees were transferred to the British ships yesterday.

Their arrival brought the number of Jews held in five camps on Cyprus to 5108.

## Dodds Compiles County Records

Breaking Down Costs Of Various County Departments To Show Actual Cost

### OTHER NEWS OF COURT HOUSE

County Controller Andrew W. Dodds is engaged in a work just now that seems to have a lot of merit, and which when completed, will give the people a lot of interesting facts on their county government.

Mr. Dodds is breaking down the costs of the various departments in order that officials and citizens alike may see just where the money goes, why it goes and whether or not some of it might be saved.

There has been a suggestion that Dodds' initials be changed to N. S. instead of what they are. The N. S. is supposed to stand for Nickel Squeezer for getting any money out of Andy that can't be fully justified by law is like getting an ice cream soda out a concrete cellar foundation.

## Uneasy Peace Foe Of Progress

Harvard Scientist Says This Factor Greatest Enemy Of Progress In Science

PHILADELPHIA, Oct. 23.—(INS)—The number one enemy of scientific progress today was described by Dr. Harlow Shapley, director of the Harvard observatory, as "the fear that we may not have international peace."

Dr. Shapley addressed the first major post-war International Scientific Conference, sponsored by the National Academy of Sciences.

"This is not a private war against a single sector of ignorance," he declared. "The fruits of victory belong to everyone."

Carl G. A. Rossby, professor of Meteorology at the University of Chicago, pointed to the "need for international cooperation in the education of professional meteorologists."

"There is at present," he said, "urgent need of the establishment of an international machinery through which interested nations, in proportion to their interest and resources, can pool contributions for the establishment and operation of weather stations in sparsely settled regions and in oceanic areas."

Joseph Proudman, professor of applied mathematics at the University of Liverpool, was awarded the Alexander Agassiz medal for original contributions to the science of oceanography during the past year.

George Gaylord Simpson, of the American Museum of Natural History, received the Daniel Giraud Elliot medal for his work in the field of geology and paleontology during 1944.

John B. Reeside, Jr., a chief of paleontology and stratigraphy of the U. S. Geological survey, won the Mary Clark Thompson medal for his work in paleontology and geology.

RECOVERS JEWELS, FURS STOLEN FROM EX ARMY OFFICER

BETHLEHEM, Pa., Oct. 23.—(INS)—State police today announced the recovery of \$21,400 in jewels and furs stolen last Wednesday from the Fountain Hill estate of Paul Ritchie, ex-Army major.

Charles S. Cook, captain of Troop B, said the loot had been discovered in a locker at a Philadelphia railroad station, after Ritchie received an anonymous telephone tip that he would find something of interest there.

A \$7500 mink coat was found stuffed in the locker, Cook said, with the stolen gems hidden in a pocket.

SUICIDES IN STATE

HARRISBURG, Oct. 23.—(INS)—The State Health Department reported today that 630 Pennsylvanians committed suicide during the initial six months of this year compared with 589 in the first half of 1945.

During 1945, the department added, 1076 persons took their lives by their own hand.

## Thrift Program On At Thaddeus School

In conjunction with the United States Treasury Department, teachers at the Thaddeus Stevens Grade School on the East Side, are impressing on the students of the school the importance of systematic saving of small amounts each week through the purchase of U. S. Savings Stamps.

Material has been received from the Treasury Department, to put on an intensive campaign in the school, to sell the idea of saving regularly to the boys and girls. Work books

put out by the government will be distributed in a short while to the pupils, who will in turn be tested as to their knowledge about U. S. money and savings stamps.

The school is all keyed up over the coming Halloween parade which will be staged on the school playground on October 31. The boys and girls will come to school in the afternoon in masquerade costumes and the best outfits will be judged, with appropriate prizes being awarded.

In the music department of the school, Mrs. Emma Richards is preparing the students for the coming children's play which are to be presented in the city. Through the means of records, previews and

skits from the plays are dramatized. On Tuesday afternoon, the play reviewed was "The Pied Piper of Hamlet."

School will be dismissed on Thursday afternoon for the week, in order to enable the teachers to attend the teachers conference in the city on Friday.

Albuquerque, largest city in New Mexico, was originally spelled Albuquerque by the Spanish. It was named after the Duke of Albuquerque, Viceroy of Mexico in the early 1700s.

## Envelope Shortage Delaying Payments

WASHINGTON, Oct. 23.—(INS)—The War department announced today that terminal leave payments in saving bonds to veterans have been delayed by an envelope shortage.

Maj. Gen. W. H. Kasten, Army chief of finance, asserted that the shortage of envelopes of proper size, which has hampered mailing of the bonds, probably "will not be overcome until next month."

He said that mailing of the bonds should begin in November when proper envelopes become available in sufficient quantity.

## Bare Contract Of U. S. Tutor To Jap Prince

Philadelphia Woman To Receive \$2,000 Yearly Plus Auto, House, Secretary

TOKYO, Oct. 23.—(INS)—Mrs. Elizabeth Grey Vining, the Philadelphia woman brought to Japan to tutor the Japanese crown prince, will receive a salary equivalent to \$2,000 yearly plus a house, food supplies, an automobile, a secretary and traveling expenses.

Her teaching duties will claim only eight hours weekly from her time. Details of the contract under which Mrs. Vining will teach the crown prince and children of Japanese aristocrats were made public today.

The contract makes Mrs. Vining the first American employed by the Imperial household and is renewable yearly.

Her salary will be paid in Japanese Yen and Allied occupation headquarters has agreed that any accumulated funds may be exchanged at the official rate when she decided to leave Japan.

Allied officials said Mrs. Vining will not be permitted to purchase goods at U. S. army post exchange facilities.

### Contract Provisions

In regard to Mrs. Vining's living expenses, her teaching contract reads: "The scale of living shall be such as will uphold the propriety of her position."

Mrs. Vining's recent arrival in Japan attracted wide attention and it was learned that she has since asked the Imperial household to "protect" her from newsmen because, she said, publicity "annoys" her.

American occupation officials who described themselves as "more or less responsible" for Mrs. Vining's actions reportedly rushed to be the first to greet her upon her arrival in Japan—before members of the Imperial household could talk with her.

It was said that an American official then gave Mrs. Vining an indoctrination lecture on fundamental aims of the occupation and on the democratic reorganization of Japan's educational system. This hurried maneuver by the occupation officials was ascribed to what were called "inadvertent" statements by Mrs. Vining while she was still in the United States.

After she signed the contract, Mrs. Vining became the only American citizen to hold a permanent pass into the confines of the closely-guarded Imperial palace.

## FISHERMAN FINDS GOLD STRIKE UNDER WATERS OF PACIFIC

SAN FRANCISCO, Oct. 23.—(INS)—They used to point to California's mountains and say "there's gold in them there hills," but the luck of a fisherman may change the saying to:

"There's gold under them ocean waves."

The story of an undersea gold strike—his second since 1939—was brought back to San Francisco today by Dan Forbush, a 35-year-old commercial fisherman.

He said he was fishing off St. George Reef, located along the northern California coast line, and dragged in a catch of Halibut and shark plus two gold nuggets. He sold one of the nuggets at the town of Eureka nearby for \$5 and brought the other one back for a souvenir.

Forbush recalled that in 1939 he was fishing in Pelican Bay near St. George Reef when his nets pulled in another gold nugget.

Mining men speculated over whether the nuggets came from an undersea deposit or had been washed into the ocean from stream beds.

### HOME GROUNDS JOBS CAN BE DONE NOW

Several odd jobs remain to be done around the average home ground.

Look over the garden hose and be sure that all water is drained out of it before the hose is stored for the winter.

In storing gladioli corms, dahlia tubers, or other types of bulbous material, be sure to attach a label to each.

Look over trees, shrubs, and evergreens to see that all broken branches are removed. For large wounds, over an inch in diameter, treat with any of the tree wound preparations available from your local nurseryman.

If you are planning to plant trees, shrubs, or other material next spring, place your order early with a reliable nurseryman. Only in this way can assurance be given of getting what is wanted and when it is wanted.

Keep plant materials mulched through the winter. Well-rotted hardwood sawdust has proved satisfactory when used around plants, which thrive in slightly acid, neutral, or slightly alkaline soils.

## Crews Working For Forest Preservation

BROCKWAY, Pa., Oct. 23.—Eighteen thousand acres have been checked systematically against the destructive white pine blister rust by a force of six crews working in Warren, Jefferson, Forest, Elk and Clarion counties, according to Max J. De Berti, supervisor of all the control work of that nature in Western Pennsylvania.

The control program began in April and continued nearly six months. Workers checked and eradicated currants and gooseberries, which are reputed to be potent spreaders of the plant disease.

Another crew of eradicators spent the summer carrying on a similar work in the white pine stands of Allegheny National Forest.

De Berti said white pine blister rust is a fungus disease similar to chestnut blight but that it requires a "host" plant in order to spread. In this case, the gooseberry and currant bushes are the "host" plants.

## Bronze Workers Local Show Movies

## Concert Guild Season Opens

Nearly 2,000 In Cathedral Audience Last Night For First Program

"Make new friends but keep the old" is not only a line from a song, it's good sense. And the Metropolitan Concert Guild showed good sense in bringing back two old friends Tuesday night in opening the 1946-47 season. Luboshutz and Nemenoff, piano duo, were the attraction this being the third time in nine years they have played here. Their appearance at the Cathedral Tuesday night was even more of a triumph than their first one.

Their program was one which, in the hands of artists less skilled might have been stodgy. Brahms, Chopin, Johann Christian Bach, and variations of Beethoven are heavy fare for ordinary pianists but Luboshutz and Nemenoff are no ordinary pianists. Under their flying fingers the classics become not only vehicles for a display of crafts, manship but a melodic delight to the audience.

Merely watching their fingering is a pleasure for the facility with which they handle their instruments. To a mechanical perfection they add soul and beauty and the result is a ninety minute feast of music that sends one a way up-lifted. If we can coil up the long hair for a moment and borrow from the lexicon of our bobby sox friends, we might say that Luboshutz and Nemenoff were "out of this world."

The large audience, about 1900 voiced its pleasure at the return of two old friends and somehow we couldn't get away from the idea that the two old friends were glad to be back here. They said so of course, in words, but the way they said it on two pianos gave their statement sincerity.

This year's membership is the largest the Metropolitan Concert Guild has ever had. To the members from Lawrence County are added scores from Mercer and Beaver County and there was a lot of visitors in the house Tuesday night. Luboshutz and Nemenoff started the season on a high note of quality. The coming attractions promise a continuance of that same standard.

## Safe Burglarized At Boyles Coal Co.

Attempt Also To Open Mahoning Finance And Loan Association Safe Fails

Yeggs last night burglarized the Boyles Coal & Supply company safe of several hundred dollars. Attempt to get into the safe of the Mahoning Finance & Loan association failed, police report.

The Boyles company is in Neal street; and the Mahoning Finance & Loan association is in North Liberty street.

Patrolman George Haering discovered the coal company burglary and a janitor discovered the finance association entry.

The yeggs broke off the knob of the Boyles safe to open it. A handle was broken off the finance and loan association safe but the safe could not be entered.

City and State police investigated the burglaries today to discover possible fingerprints.

The methods used to enter both places were identical, and the same gang is blamed by police for both entrances.

## Declares Russia Is Not Seeking Any Foreign Soil

LONDON, Oct. 23.—A Soviet historian declared today that Russia was not seeking foreign soil and was not attempting to force its form of government on other nations.

Prof. Eugene Tardie, speaking over the Moscow radio in connection with the anniversary of the Bolshevik October revolution of 1917, said: "We fight for peace among nations and do not seek one inch of foreign soil, but neither will we cede an inch of our own to any corner. The Soviet people look on all aggression as criminal."

Tardie said recent statements by Henry Wallace, former U. S. Secretary of Commerce, Sen. Claude Pepper of Florida, Elliott Roosevelt and some British Laborites indicate their recognition of "The Soviet Union's deep, unvarying love of peace."

Jack Hulme Dies  
At Bellefonte, Pa.State College Athletic Trainer And  
Former Westminster College  
Trainer Taken By Death

Word has been received in this city of the death this morning of John W. (Jack) Hulme, aged 57, former athletic director at Westminster college, New Wilmington, and former well known Red Cross instructor of this city, at the Bellefonte hospital, Center county. He served in World War I and received several citations and battle stars for action in Europe and during World War II he went to Europe as an athletic instructor.

Mr. Hulme left Westminster in 1936 to assume a position as athletic trainer at Penn State college at State College, Pa., where he had been located up to the time of his death.

Mr. Hulme was before going to Westminster college, physical instructor at the local Y. M. C. A. and many New Castle residents re-

ceived life saving instruction from him through the Red Cross program.

He was also a swimming coach at New Wilmington during his work there.

Some time ago he underwent a serious operation and for a time was believed to be making progress toward recovery. However, last Saturday Mr. Hulme suffered a relapse, according to word sent to his friends here.

Further details will be published later.

GAETH TO SPEAK  
AT WESTMINSTER  
THIS EVENING

NEW WILMINGTON, Oct. 23.—Arthur Gaeth, radio commentator, who Tuesday gave a personal account of the Nazi executions to President Truman, will address Westminster college students and teachers tonight in the chapel.

Rev. Wayne Christy, lecture course sponsor, received word from Gaeth yesterday that he had arrived at LaGuardia field from Europe Monday night. He is the only man in this country at the moment who witnessed the hangings.

His subject will be "Behind the Iron Curtain".

H.O. Club Honors  
Returned Veterans

H. O. club members were hosts at a special surprise party honoring the returned veterans on a recent evening. The event was held in the Savoia hall, South Mill street.

Games, dancing and singing were pastimes, and a local popular orchestra provided the pleasing dance melodies. Special numbers of the army, navy and marines were played. Approximately 50 attended the occasion.

At a later hour a tasty lunch was served by members of the Cavalier club. A cake with "welcome home boys" centered the table.

Thomas Beatrice is the president of the H. O. club. Aiding him were Frank DeMatteo and Arson Armundo.

Female Assailant  
Slugs Man Victim

PITTSBURGH, Oct. 23.—(INS)—Pittsburgh police today mused if women in the postwar world were moving into fields heretofore dominated by the opposite sex.

It all came about when Steve Binco reported that he had been slugged and robbed of \$15 by a woman.

Binco, who was treated for a scalp laceration at a hospital, gave police a description of his female assailant, adding: "She wasn't bad looking either."

AUTO HITS BUS  
DRIVER ARRESTED

Police Chief Robert D. Harna reported that he would today formally charge Melvin Courson, Edenburg, R. D. 1, with driving an auto while intoxicated.

Courson's auto reportedly struck and damaged a Shenango Valley company bus last night in West Grant street when the auto was backed from a driveway, he stated. Courson was arrested shortly after the accident.

Order Of Builders  
Meets This Evening

Members of the Order of the Builders will have their semi-monthly meeting in The Cathedral, this evening at 7:45 o'clock. Master Builder George D. Reid announced today.

Plans will be completed at this time for the dance which will take place on Friday evening following the football game with Clairton, to which the public has been invited.

BOY SCOUTS TROOP  
TO MEET THURSDAY

Nine Boy Scouts of local troops appeared before a board of review Tuesday night in the senior high school building and received promotions and awards.

Promoted from Tenderfoot to second class Scout were William

Large, troop 17, Joseph Hensley, troop 15, and James Oriswell, troop 18.

Given promotions to first class Scout were Bob Brinton, troop 15 and James Vaughn, troop 17. Merit badge awards were given to John Hickey, troop 3, Paul Gibson and Bob Brinton, troop 18 and Howard Large, troop 17.

E. L. Gerlach sat as chairman of the board assisted by Ralph S. Reed, Dr. B. M. Rogers and P. D. Gieson. Tonight at the Arthur Magill school there will be a court of honor with Joe Hartman presiding.

## PLEADS GUILTY

Orville Williams, R. D. 4, who was arrested Sunday by city police for alleged operation of a motor car while intoxicated, pleaded guilty before Alderman J. C. Kennedy, posted bond, and was released pending county court action.

The state of Georgia was named after King George of England.

Kurt Daluge Is  
Reported Hanged

LONDON, Oct. 23.—(INS)—Kurt Daluge, former Nazi "protector" of Bohemia-Moravia, was reported hanged today shortly after his condemnation by a Czechoslovakian war crimes court and after failing in a last-minute suicide attempt.

Reuters, in subsequent dispatches from Prague, said the Nazi war criminal was sentenced to death and then hanged at noon.

Shortly before mounting the scaffold, Daluge slashed a vein in his wrist but the execution was carried out nevertheless.

# Seek To Spur Voter Turnout

Political Leaders In State Urge Voters To Cast Ballot On November 5

## OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Oct. 23.—(INS)—Public disinterest in the fall campaign has caused some concern among politicians of both major parties. Not more than 65 per cent of the 4,725,000 registered voters were expected to go to the polls November 5. Experience has shown that it is usually those persons who were too lazy to vote who set up the loudest clamor for changes after a new administration takes office. It has done little good to emphasize to voters the privilege that is theirs at the polls. Politicians of all faiths welcome criticism because that is the way they keep in touch with public opinion. But not from a non-voting minority.

One leader has pointed out that while many residents of the state may be able to name the candidates running for governor, only a few of them could recall the names of the candidates in their districts seeking election to the general assembly. The leader said that was especially true of the large cities such as Philadelphia and Pittsburgh. Chiefs at the state capital have expressed the hope that interest in the election may be greatly increased during the last two weeks of the drive. Candidates of both parties have campaigned over the greater part of the state and were expected to concentrate on doubtful areas during the remaining weeks of the drive.

Sixteen of the 19 members of Gov. Edward Martin's cabinet who assumed office 45 months ago have remained at their posts. The first

change in the chief executive's official family resulted in the resignation of Samuel A. Ramage, of Oil City, as secretary of public assistance on June 16, 1944. Ramage entered the army and did not return to his post when discharged last year. Robert P. Wray, of Penbrook, has been acting secretary. On July 31, 1945, Secretary of Health A. H. Stewart, of Indiana, died in a Harrisburg hospital after an illness of several weeks. Dr. Harry W. West, of Altoona, was named to succeed Stewart on August 20, 1945. West was surgeon of Pennsylvania's 28th division. The third cabinet change resulted from the dismissal of John U. Shrover of Shamokin, on March 20 of this year. Shrover was ousted by Governor Martin for "disloyalty."

Ivan Stehman, director of the state inter-departmental highway safety committee, has reported that the group has instructed him to draw up a list of testing equipment which will be used for the instruction of students in safe driving. Stehman said the equipment will include eye testing and depth perception equipment and will be submitted to the committee November 12 for approval.

Workmen at the state capital have been busily preparing the senate and house of representatives chamber for the 1947 general assembly which will convene January 7. Officials have reported that the work in the lower chamber has been virtually completed and the renovation of the senate has been underway for a short time.

One Democratic leader has expressed the belief that his party had an "excellent chance" of winning congressional seats in six districts, some of which have been in the Republican column for several years. He said prospects appeared good in the seventh district comprising Bucks and Lehigh counties, the 13th district made up of Schuylkill and Northumberland counties, and the 21st district comprising Adams, York and Franklin counties. He said the Democrats had possibilities of capturing the 26th district, of Armstrong, Indiana and Cambria counties, the 23rd of Fayette and Somerset counties, and the 28th, made up of Erie and Mercer counties.

In the final phases of the fall campaign, both the Republican and Democratic publicists appear to be making every effort to insert comedy in candidates' speeches and statements. Some remarks sound like they originated in next-to-closing acts on the old vaudeville circuits.

## Teamsters Ready To Throw Pickets Around Breweries

AFL Union To Picket 63 Plants Following CIO Refusal To Arbitrate Dispute

PITTSBURGH, Oct. 23.—(INS)—Three hundred AFL Teamsters' business agents gathered in Pittsburgh today to map plans to picket the state's 63 breweries after the CIO rejected the AFL's proposal to arbitrate the jurisdictional dispute in Pittsburgh's tense brewery war.

Lester Hunt, a spokesman for the Teamsters, said A. J. Federoff, regional CIO director, rejected the arbitration proposal following a two hour meeting. He said, however, that the CIO left the door open for further discussions. Federoff said he planned to make a counter proposal. Hunt added that the AFL also proposed a mass meeting of Pittsburgh brewery workers to vote on whether they wish to return to the AFL or continue with the CIO. This too was turned down, Hunt said.

Meanwhile, the Teamsters planned to throw picket lines around 25 taprooms handling CIO delivered beer. Bartenders and waitresses in the establishments have agreed to walk-out in support of the teamsters.

Scouts throughout the year, busy themselves with many worthwhile things such as making favors for hospital trays, taking study trips to Buhl planetarium, raising money for the cancer fund and studying the local community.

Scouts are engaged in many activities and have set up their own governing system in their individual troops. In the past week the first "all Brownie" dinner was held for Brownies and their mothers, when 200 persons watched a display of dolls of many countries. Five hundred and seventy-six attended a camp rally for Scouts and their mothers in the Cathedral dining room.

Day camp was enjoyed at Cascade Park and established camp was held at the Boy Scout camp on the Slippery Rock creek.

"Citizenship Around the World" is the slogan for 1947 and as in 1946, the Scouts will again send packages of food to their sister Scouts in other countries who need food so badly.

NUERNBERG, Oct. 23.—(INS)—Col. Burton C. Andrus, commandant of the Nuernberg prison, said today he has been informed by British occupation authorities that the petition of Franz Von Papen for entry into their zone has been rejected.

The former Nazi diplomat has been voluntarily occupying a cell in the prison since his acquittal by the international war crimes tribunal. He is in fear of arrest by German denazification authorities.

Andrus said he will request Von Papen to decide quickly where he now wants to go in Bavaria. Then, Andrus added, he will ask Brig. Gen. Walter Muller, American military governor in Bavaria, to approve the move.

If Muller approves, Andrus said Von Papen will be given a safe conduct to his destination, after which he will be on his own.

## Health Talks

By DR. W. A. WOMER, City Health Superintendent

**SOFT SOAP**  
A hundred years ago, soft soap was in common use in this country. It was usually, home made. It was kept in an earthen vessel or in a hollowed out log. It was a good cleaner and very slippery.

"Soft soap" got to be a slang phrase after a while. It meant a slippery or slick or deceitful way of imposing on people. Nowadays we have liquid soap, and hard soap and powdered soap and many other kinds.

Soap is a fine thing. It helps to keep people healthy. It is a good idea to keep the hands clean with plenty of soap and water.

The election will be held on Tuesday, the fifth day of November 1946, between the hours of 7 a.m. and 8 p.m. E. S. T.

The following instructions will appear at the top of the ballot:  
To vote a straight party ticket, mark a cross "X" in the square, in the Party column, opposite the name of the Party of your choice.

A cross mark in the square opposite the name of any candidate indicates a vote for that candidate.  
To vote for a person whose name is not on the ballot, write or paste his or her name in the blank space provided for that purpose. This shall count as a vote without the cross mark.

To vote for an individual candidate of another Party after marking a mark in the Party square, mark a cross "X" opposite his or her name.  
For an office where more than one candidate is to be elected, the voter, after marking in the Party square, may divide his or her vote by marking a cross "X" to the right of each candidate for whom he or she desires to vote. For such office votes shall not be counted for candidates not individually marked.

If you make a mistake, do not erase. Ask for a new ballot.  
Use only pencil or indelible pencil.

The foregoing instructions must be followed with care by the voter who will be able to spoil the ballot and not have it counted. When these instructions say "a cross (X)" they mean a cross "X" and not some other kind of a mark. When they say "in the square" they mean in the square and not some place else. If there are two or more candidates to be elected to an office and a voter makes a cross in a party square of any party and then makes a cross in the square to the right of the name of an individual candidate of another party, he or she votes only for the candidate so marked, and his or her vote will not be counted for any other candidate for that office.

## Fail To Invite German Surgeons To U. S. Meeting

"Sadistic" Practices Bar Germans From International Meeting In Detroit

DETROIT, Oct. 23.—(INS)—Dr. Max Thorek, founder and secretary of the International College of Surgeons, today accounted for the notable absence of German representatives at the Detroit convention of the organization's United States chapter.

"They are," Dr. Thorek declared, "the uninvited."

He said German members of the profession became medical outcasts when they resorted to "sadistic" practices before and during the war.

The famed professor of surgery at Chicago's Cook County School of Medicine disclosed that German medicine was "suspected" as long ago as 1935 when the international college was organized in Geneva, Switzerland.

Dr. Thorek said:

**Diabolical Experiment**

"Subsequent events proved that we were correct in our suspicion that German doctors under the Nazis were conducting diabolical experiments with human guinea pigs.

"This barbarism became rampant during the war when they had thousands of prisoners for their unholy experiments.

"I am afraid it will be a long time before many of our colleagues in Germany can erase the stain of their conduct under Hitler."

More than 3,000 of the foremost surgeons of 20 countries are attending the Detroit assemblies at which new surgical discoveries are being demonstrated and ideas and techniques exchanged.

In ancient Rome it was the custom to place coins in the mouths of the dead to give them money to pay their way to Charon of transportation across the River Styx.

## Personnel Group Will Hear Clyde R. Powell Speak

Extraordinary Entertainment Promised Members Of West Penn Personnel Association

Management of business and industry in the local area has been invited to hear Clyde R. Powell, one of America's outstanding industrial psychologists, who will address members of the Western Pennsylvania Personnel Association in The Castleton ballroom Thursday evening, October 24, at 8 o'clock.

Mr. Powell has an interesting message for industry on the subject, "Understanding and Controlling Human Behavior," particularly as applied to accident prevention and employee relations. His presentation is said to be an extremely practical demonstration of workable principles couched in industry's own language.

Mr. Powell's theories are graphically proved by the serious and judicious use of hypnotism, of which he is a master practitioner. He is also a master magician and has a complete show of astounding feats of magic. Mr. Powell's talk takes 40 minutes during which time he explains certain principles. The understanding of these laws enables anyone to better understand and control the behavior of others.

This is followed by a 20-minute demonstration.

The association will have its monthly dinner meeting in the hotel immediately preceding the lecture by Mr. Powell, the dinner starting at 6:45 o'clock.

## County Highway Deaths Increase

Although fatalities to pedestrians have decreased there has been an increase in auto accident deaths in Lawrence county so far this year.

Rural deaths up to September numbered six against three in 1945. Deaths in urban localities totaled 10 against 6 for last year. The total increase is four.

Pedestrian totals show three in urban sections against five for 1945 for a decrease of two. Total increase for both auto and pedestrian accidents shows plus two for the nine months.

## Job Openings For 300 Women Available

Job openings for at least 300 women between the ages of 18 and 35 are now available through the New Castle U. S. Employment Service office. It was announced this morning.

Reversing the old story of too many applicants for too few jobs,

the U. S. E. S. now has plenty of jobs for sales clerks, domestic assistance, factory workers and office work. The need for good domestic workers is especially great.

The approaching Christmas season opens additional opportunities in stores, the U. S. E. S. added.

PARIS — (INS)—France, returning to the pursuits of peace, announced the opening of its 23rd Annual Automobile Salon. It is the many applicants for too few jobs.

# Dresser Or Frisch May Land Yankee Managerial Job

## Larry MacPhail Being Cagey On '47 Appointment

Yankee Management Wants Colorful Manager To Try For Pennant In New Year

### BELIEVE DRESSER HAS INSIDE TRACK

By BILL CORUM  
(International News Service Staff Writer)  
NEW YORK, Oct. 23.—Here we are shooting an arrow into the air as somebody else said of such a shot, it'll fall to earth we know not where. If, however, it should land on Chuck Dresser's nimble bean in Brooklyn, we'll be right. Otherwise very wrong, indeed.

That's how long a longshot this is, for this is a big country and Dresser is a small man. So what you're really doing if you're reading this, is listening to a fellow talking himself into a column with the news that the next manager of the N. Y. Yankees will be Dresser, the Brooklyn coach.

MacPhail Cages  
Oh, we've talked with Larry MacPhail all right. Talked with him over the telephone about ten minutes ago, as a matter of fact, and probably got him out of bed to do it. Furthermore, MacPhail tells us everything.

Let us illustrate and emphasize that point. Up in Boston during the world's series we spent three-quarters of an hour around their breakfast table with MacPhail and Dan Topping in the Ritz-Carlton hotel. We faunted about the Yankees almost exclusively during the conversation.

There was no news whatever, or what killed the dog, about the club, according to its president. Nor do we believe there was at the moment. Just the same, it was only a matter of a couple of hours later.

## Penn Has Two Big Fullbacks Ready

PHILADELPHIA, Oct. 23.—(INS)—Harry M. Edgerton, who in 1944 at 17 was Pennsylvania's No. 1 fullback, will be ready for the Navy game on Saturday, Coach George Munger said today.

There was good news, too, about another fullback, Ed Allen. The blonde line blocker from Easton, N. Y., who scored five touchdowns in the Lafayette game, his first college game after six years' absence, has recovered from the injury that kept him inactive last week. He is not expected to start but will see action during the game with the midshipmen.

## Recreation Floor League Reforming

City Recreation Board Will Again Sponsor 90 Teams With 900 Players

City Recreation Board is again sponsoring basketball leagues for middlets, juniors and seniors, some 900 of them on 90 teams. It was announced today by Director Arthur Alexander.

The first meeting of the team captains will be held at the city hall third floor on the afternoon of Tuesday, November 5, at 4:15 o'clock for the purpose of outlining the leagues. A practice schedule will be given at this time. The leagues will play Monday, Wednesday and Thursday evening with all games starting at 8 o'clock and ending at 9.

Only ten players are allowed on each team and the teams are to pick their own players and elect their own captains. Every team must have a name, it was announced.

Everybody A Chance  
The purpose of the league is to give every boy in New Castle a chance to participate on one of the teams. Three leagues will be formed: one for Middlets up to 12 years of age, Juniors up to 15 and Seniors up to 18. Any boy can complete the season if his age changes after January 1, Alexander stated.

Secure Entry Blanks  
Entry blanks may be secured from the gym and health teachers in the schools and will be required to be filled out properly and returned to the same teacher not later than October 29. No boy can play with more than one team.

Any team not returning the entry blanks by October 29 will not be allowed in the league. Captains may pick anyone so long as they conform to age. The captains are to be responsible for all players and must see that all players are at every game scheduled. Failure of boys to show up for play may forfeit their franchise.

The recreation league last year in its infancy was a big success through the splendid work of Arthur Alexander and his assistants. The league is not for any senior high varsity players or any of the so-called first eight men on any of the junior high squads, Franklin, Middletown or Washington.

The largest orders for the National League's Record and Roster Manual come from public libraries outside the league territory.

Briggs Stadium for the first time this season has become the site of the Detroit Lions' daily practice sessions as well as their games.

## Washington Hi Closing Season

Douglass Eleven Meeting Beaver Falls Thursday Here In Finale Of Season

Coach Bill Douglass' Washington high graders will ring down the curtain on the 1946 season Thursday afternoon when they meet the Beaver Falls high juniors at the Washington field. Kick-off is set for 2:30.

The Washingtons have enjoyed a successful season so far, winning from Sharon, 14-0 and Farrell, 24-0, while losing contests to Ellwood City, 14-6 and Ben Franklin, 29-0.

Hope For Victory  
The junior high lads hope to defeat the "Little Tigers" tomorrow to up their percentage over the season.

The same eleven lads who started against the Ben Franklin Patriots in the title game last Saturday night will probably draw starting assignments for the Beaver Falls encounter. This would mean Lewis and Paglia at the ends, Maracher and Conti, tackles, DeLoe and Sackerson, guards and Bender, center. In the backfield, Klee will be the signal-caller, Dick and Jim Altman will share the halfback posts, with Bob White at full.

The following Ninth Graders of the Washington High team will be playing their final game for the North Hillers Thursday: James Altman, Dick Altman, Louis Bender, Phil Boyd, Richard Chandik, Wallace Conti, Carmen DeLoe, Alfred Grimm, William Klee, Jr., George Manos, Charles Maracher, Kirk Paglia, Thomas Patterson, Robert White and Robert Wynne. It was announced by the Washington High officials today.

## Franklin Risks Record Thursday

Battle Meadville Junior Hi At Stadium At 3:30 P. M. Are Undefeated

Ben Franklin Junior High's undefeated, untied and unscathed record will be at stake Thursday afternoon at the stadium at 3:30 o'clock when Coach Austin Comemeadow takes the wraps off his city-county junior high graders to battle a strong Meadville Junior High eleven.

The Patriots are thoroughly rested after their contest last Saturday night when they upset Washington 20 to 0 at the stadium. There were no injuries in the "big game" which means that Franklin will be able to take the field against the Crawford countyers at full strength.

Keys-Sallie Ready  
Meadville gave the locals a tough game at Meadville last year and are a lot stronger this season. Coach Comemeadow and his assistant Ralph Engelmeier have the Franklins at the top of their game for this one. Sammy Keys and Earl Sallie are the Franklin siege guns and if they are in the same form as last Saturday Meadville is going to have a tough afternoon.

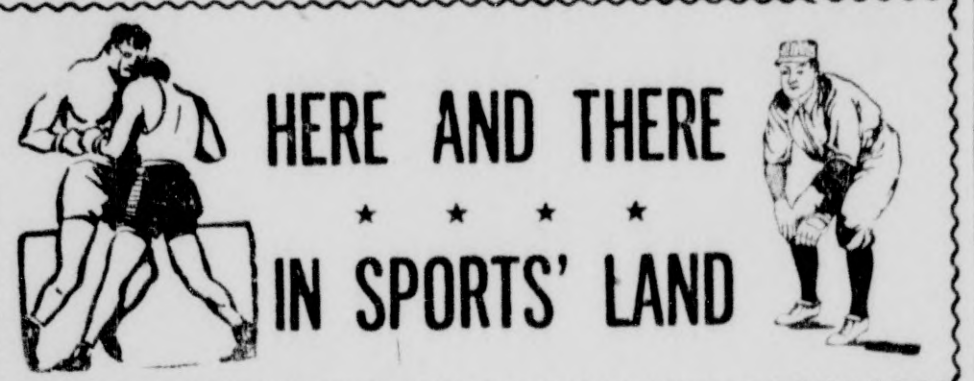

Franklin's great line is in fine shape and will play another good game, it is indicated. The East Siders have never had a line that stood up as well as this year's with Moric, Morella, Mangino and Hasen towers of strength.

## Fontaine-Lay To Fight Again

PITTSBURGH, Oct. 23.—(INS)—Promoter Jake Mintz today announced the signing of Justin Fontaine and Dorsey Lay of Philadelphia for the main event which will open Pittsburgh's indoor boxing season November 5.

It will be the second meeting for the two. Last winter Lay won a decision over Fontaine when he floored the Frenchman for a short count in the third round. Fontaine got up and fought his way to almost a draw.

Mintz said he planned another 10 rounder, two sixes, and a four on the same card.

## HERE AND THERE IN SPORTS' LAND

THERE was a time in the athletic history of this city when men hereabouts had their names emblazoned on local sports pages as prominently as are the names of present day athletic bulls, hence some of the old stars of yesteryear tonight may loiter back in easy chairs and retrospect of happenings decades ago because Percy MacNab, former catcher, is visiting his home town and who, for some years, has been a Los Angeles resident. Percy came of baseball stock. Years ago the Iron and Oil and Interstate loops had teams here. His father, the late R. L. MacNab with the late George Lamoree in the late 1800s, was a catcher. He handled the delivery of such well known fingers as Bill Hodzkins, Ed. McGill, Cy Ingham, Roy Preston and others.

In fact, he caught for the local Greys when they defeated Pittsburgh and was called out of the stands when another team from here clashed in Pittsburgh because he was the only catcher who could handle the pitcher. He caught for the Bankers and U. T. C. Among those with whom he played are Bill Howe, Mont Macell, Bill Andrews, the late Sam and Lave Nestor, at times and games in those days known with Puckish Volant and other teams in surrounding towns. Since then some players have passed on, but others are yet here. No doubt MacNab's visit will revive some of their memories of yesteryear's baseball.

Bill Jones, shortstop, will be a coach for the Cubs next season. Bill Ussieton says the New Castle Boosters club is gaining new members every day and according to President Sains the membership will be 500 or more when the next meeting is held. Army has a long way to go to beat winning streaks. According to Football News, Yale won 45 consecutive games and Pennsylvania won 56 games without defeat, 28 being consecutive. Army has won 22 straight games.

A huge gray squirrel in Neshaunook avenue is known as the "hog" because he viciously attacks other squirrels when they venture forth to partake of catkins placed by residents according to a tip to Here & There.

Not so long ago, an attack was waged upon a crows rookery in the Edinburg-Hillsville district. In a conversation with Ray Biddle, the latter told Here & There that, Monday evening he noticed a flock of crows about one mile long, flying toward that section which is taken to imply they are again flocking there, having forgotten the last attack.

Moore and dealers have gone on strike. They receive about \$400 per night and want a 35 percent increase. According to a shrewd exponent of hit and miss, Artie Levine's only chance to beat Sugar Robinson Monday night in Cleveland is to hypnotize him. Stan Jones was one of the fastest of hot corner men in baseball decades ago. Rube Jones no longer is an umpire but years ago his services were in demand and only re, but throughout all of western Pennsylvania.

John Dalton, 11, of Mullens, W. Va., is dead. His death was the ninth during the West Virginia hunting season. His son back-fired. Donald Barnes, 20, Lisbon, R. I., 2, Ohio, is in an East Liverpool, O. hospital because of a gun accident. Ed. Danowicz, head football coach at Fordham, is recovering from an appendectomy. Bob Murphy, attorney of Boston, representing the American Baseball Guild, has charged the Giants, Yanks and Dodgers with "company unionism and interference" according to an informal hearing at the New York State Labor Relations Board.

Ned Day is ahead of Joe Wilman, 338.37 to 60.23 according to the Peterson scoring system, in the trans-country bowling match which will wind up at Philadelphia and find the victor clutching \$5,500. They're yet in California.

J. B. Miller, Conneautville, caught a 10-pound walleye on a minnow. Pete Melvin, New Kensington, caught a 10-pound muskie, 30 inches long, near East Hickory in the Allegheny river, according to the Pennsylvania Angler which reports that bass bugs and other light floating lures are not so effective for bass when it disturbs the surface of the water. Hunters are faring forth spotting where the ring-necks are dimmed on left over corn in fields.

John Lawther's son, Jimmy, is back on his father's basketball squad at Penn State after a war-prompted lay-off.

## Rifles Released By Steeler Team

PITTSBURGH, Oct. 23.—(INS)—The Pittsburgh Steelers today announced the release of Cullen Rogers, recruit fullback from Texas A & M who came to the Pittsburgh pro football club from the Los Angeles Rams a short time after the training season opened.

Rogers saw limited service with the Steelers in reserve rolls.

ROCKETS-BEARS TANGLE  
PHILADELPHIA, Oct. 23.—(INS)—The victory-starved Philadelphia Rockets go after their first American league hockey triumph again tonight when they battle the Hershey Bears in Hershey.

Defeated four straight times this far in the young 1946-47 season, the Rockets hoped to turn the tide of the hard luck that has plagued them.

Penn State's Bob Higgins sees the "jump pass" as one of the 1946 football season's major weapons.

## Shenango High Meets Freedom

Wildcats Hope To Annex Second Straight Win At Expense Of Oilers Friday

"Team of the County" last week following their stunning upset of a favored Union team, 34-0, Shenango high's Wildcats will try to keep up their winning ways Friday when they clash with Freedom.

Definite time for the game has not yet been set. The contest is slated for the Shenango field Friday afternoon but the Cats may journey to the valley town for a night battle.

Lineup Unchanged  
On the basis of their performance against the "Soles" the first string Shenango eleven will probably remain intact for the Freedom clash.

This will mean Mayberry and Miller will man the ends, Owoc and Johns at tackle, Zurasky and Bonke at the guards and Tanner at center. Bobby Leira will do the quarterbacking, Joe Dano and Wes Fomelle will share the halves with "Corky" Cochran at full.

Oilers Tough  
Freedom has won three so far this season, lost three and tied one. Victories were over Snowden 21-12, Zelenople 21-6 and Leesdale 13-12. Class A Beaver topped the Oilers 19-0. Monaca edged them out 15-14 and last week they dropped a decision to Seneca 6-0. Bossamer was tied 6-0.

Coach Namas is anxious to bring his lads through against the value eleven and has them primed for the all-important battle with the Bossamer Cementers Nov. 1.

## Pugilists Train For Local Bouts

Kimmel, Winner Of Six-Rounder, Opposes Walker; Thompson-Biddle In Return Bout

One pro' show already having been staged here a second will be promoted Monday night in The Arena and the double windup will find waterweights and middleweights featured.

Art Kimmel of Altoona who won a six round preliminary or bout last before the semi-final October 14, will oppose Jesse Walker of Homewood in an eight rounder.

Jack Biddle of this city who dropped a decision to Garfield Thompson of Carnegie, has been rematched with Garf and hopes to reverse the verdict in the other eight rounder.

Biddle did not train as assiduously as he should have for the first bout because he claimed he had a sore hand, injured when he was decimated by Billy Grumbacker in Youngstown recently.

The participants in the six rounder and two four round preliminaries have not yet been announced.

John Lawther's son, Jimmy, is back on his father's basketball squad at Penn State after a war-prompted lay-off.

## Baxter Defeated Flores In 'Jersey'

Russell Baxter Won Easy Decision Over Freddie Flores In Bout Last April

Freddie Flores who scored a TKO over Joey La Motta, brother of Jake was defeated in New Brunswick several months ago by Russ Baxter, middleweight of this city. After the Flores-La Motta bout, a free-for-all resulted. It developed when a boxing commissioner ruled that out above La Motta's eyes were too severe to permit him to continue.

Baxter is training for a return bout with Ken Strickling at Akron, October 30. He said today that Frankie Moran will box in Akron the same night.

## Hickory-Union Playing Today

Union Hoping To Bounce Back After Defeat By Shenango Last Friday

Hickory Hornets will be playing this afternoon on the Union township field in a game slated to start at 2 o'clock. The Hornets, with a lot of sting in their play, are favorites in this afternoon's game.

Coach Bill Ritter, pilot of the Hickory high squad, reports that his team is in good condition and that injuries are small. The only athlete who may miss action is Nightwine, the halfback, who pulled a ligament in his knee. It is hoped, however, that he will be ready for part time duty.

Lineups Uncertain  
Ritter has structured his squad from the end position he played earlier in the season to tackle and it seems to have been a change for the best. Artie Bair and Red Johnston, left half and fullback respectively, will more than likely be understanding in the Hickory lineup today.

Out at Union the lineup for today is still unsettled. It is expected, however, that Goode will start at guard and that Jesse Jones, who played nearly all of the Zelenople and Shenango games at tailback, will start at fullback in place of Biley.

Reserved Seats Left  
Ticket Manager Earl McKenzie announced today that there are about 200 reserved seats tickets available at the game Friday. There is no limit as to the number one person can buy, McKenzie stated.

Clariton is bringing its 100 piece band to New Castle for the game. Faculty Manager Robert Mills announced.

Penn State grads are coaching this fall at Iowa State, Harvard, George Washington, Dickinson and Penn State itself.

## Fourteen Seniors Will Don Regalia In Stadium Finale

Five Regulars Among Group Dressing Friday For Final Home Appearance

When New Castle High "Red Hurricanes" face the Clariton High Bears at the stadium Friday night, there will be 14 seniors on the team, donning their regalia for the final time before a home crowd. Included in this group are five first stringers.

Principal Clare Book at New Castle High today gave the News the list of the boys who are seniors this year. They are as follows: Al Tate, Phil Richards, Anthony Clavell, Arthur "Arch" Zarone, Donald "Mac" Dean, all listed as first stringers, also Ira Brown, Eugene "Red" Angelo, Albert Zarillo, Matthew Missey, George Morzan, Fred Navarra, Louis Burrell, Stan Grylowski, and William Stoner.

Practice Resumed  
Coach Phil Bridenbaugh took his "Red Hurricanes" back to the practice lot yesterday for the first time this week in preparation for the final home game Friday with the Clariton Bears.

New Castle will be at full strength for Friday with no injuries cropping up in the "mud battle" with Erie Academy last week. Paul Cuba, Jr., who looked good at fullback in his first effort last week, will be continued at that post, Bridenbaugh intimated.

## FAIR OR FOUL

BY LAWTON CARVER

Sports Editor, International News Service

NEW YORK, Oct. 23.—Professional golf's prosperity suddenly has led to an epidemic of back-biting among the members, threats of redress against leading players by golf clubs, and all the general furor to be expected when poor folks get tainted by riches.

The main beef is coming right from the lesser lights of the professional business, who wish to be adjudged equal to the leading stars. That has led to complications.

The sam sausages, who win a tournament at swivel switch, then continue to finish 20th through their competition are demanding that there be fewer invitational tournaments for the top flight players and, in addition, more tournaments open to all.

### Threaten Split

The sam sausages are threatening to split the Professional Golf Association wife open and decapitate the gender that lays the golden egg by losing sight of the fact that it isn't for the stars the others would have trouble even selling sports wear in the golf shop.

The problems of the business came to a head in the southwest in the last few weeks, then spluttered over into regular meetings of the association, which is dominated by the also rans. They have the advantage of superior numbers.

What the also rans have refused to recognize is that the various golf clubs have a right to hold invitational tournaments limited to a selected few standout players. They have this right because the public won't pay a nickel to watch the sam sausages.

### More the Better

The sam sausages also fail to realize that if more open tournaments are held, instead of fewer, the big stars can't compete simply because they must have a chance to rest, and the tournaments thus will be flops automatically.

The sam sausages will take the short-sighted view that by holding more tournaments they will have a better chance to win some money because the big stars will be absent from some of these tournaments. The main thing about that is the obvious fact that if the big stars aren't there nobody will get paid.

The big names make golf. It used to be Jones and Hagen and Sarazen.

Now it is Nelson and Hogan and Snead, with Wood briefly in there along with others.

**Better Than Nothing**  
They represent the class of the business—the kind of players who make headlines when they lose. The others can't make headlines when they win.

It is only natural for the also rans to be known henceforward as the sam sausages—to resent the stars, but there are two answers to that.

1.—Be thankful you can trail in their wake and pick up expense money, or (2) get good yourself.

## ELISCO WINS BY QUICK KNOCKOUT

Knocks Out Butonovich In 57 Seconds; Bill Pozza Decisions

Johnny Watson

Guy Elisco, former Ne-Ca-Hi football player of this city, turned in a surprise feat last night when he knocked out George Butonovich of Alliquippa in 57 seconds in an All-quippa amateur fistic show, according to Russell Baxter who also reported that Bill Pozza of Ellwood City also turned in a neat victory over Johnny Watson in three rounds.

Butonovich, a husky light-heavyweight of Alliquippa battled here several times and has been featured on Beaver Valley cards and Elisco's 57 second knockout upset the pre-fight predictions. "He looked very good," said Baxter in commenting on the fight. He also said that Pozza put up his characteristic fight, and in beating Watson, defeated a good amateur boy.

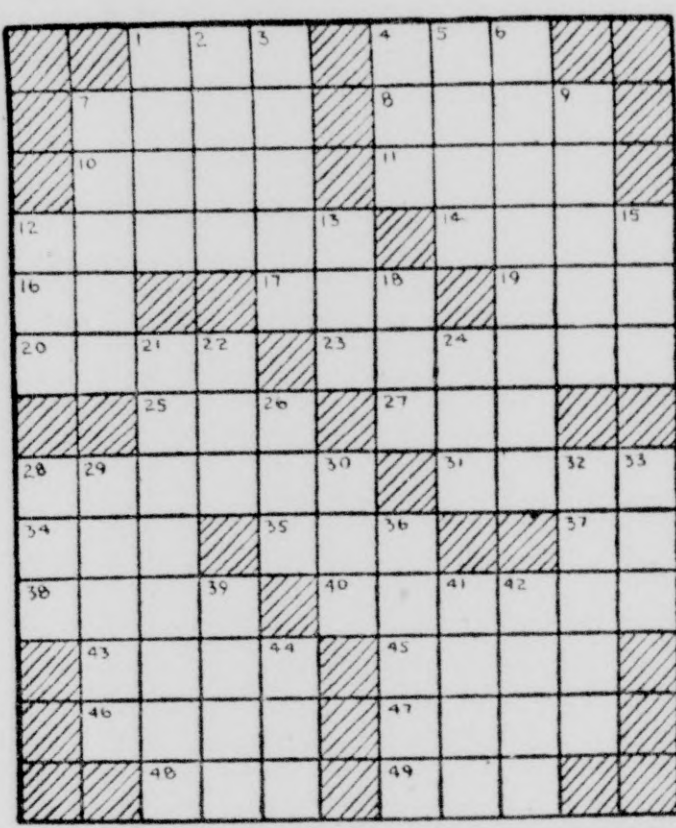

## Villanova Team At Disadvantage

PHILADELPHIA, Oct. 23.—(INS)—Coach Jordan Oliver believes today that his Villanova college eleven will be at a disadvantage when the Wildcats meet Boston college Friday night in Boston.

While Villanova played a tough game with Georgetown last week, Coach Denny Myers' Eagles had an open date with a chance to rest.

## LARRY MACPHAIL BEING CAGY ON '47 APPOINTMENT

(Continued From Preceding Page)

at Fenway park that Larry traded Joe Gordon for Allie Reynolds of the Cleveland Indians.

**Frisch Mentioned**  
The fellow that we'd like to see get the Yankee job is Frank Frisch. It seems to us that there are many arguments in Frank's favor. He's a New Yorker and popular here. He's colorful. He's been one of the game's great stars. In our opinion, he belongs in big league baseball and the game is poorer without him.

I have heard it said of Frisch that he doesn't win. But he did win all the time, either. Nor Joe McCarthy, than whom a better manager never lived. Nor Miller Huggins. Nor Durocher.

Come right down to it, the only man in the majors batting a thousand per cent in that department is Eddie Dyer, and three months ago the wolves in the grandstand were hawking Eddie's scalp than the bloodhounds chasing little Eva.

**Dressen In Line**

It has been repeatedly said, and generally accepted as fact, that Leo Durocher is MacPhail's idea of a manager. Well, who is Dressen if he isn't Leo's alter ego? A Durocher without monogrammed shirts and Broadway and Hollywood friendships? And perhaps, in some ways, an even sounder baseball tactician. Rickey must have thought so. He brought Chuck back quickly after he made the original mistake of letting him go.

Dressen has managed teams for MacPhail. They know each other. They got along. Pretty well, at any rate. He won't cost anything like what Durocher would cost. Or demand as long a contract.

## I-Quiz

by Dr. S. Meyer

Q. We cry when we're unhappy or when we have been hurt; why then do we cry when we're happy?  
A. Because three systems of nerve tissues supply the lacrimal gland which secretes the tears and any one group is capable of starting the flow.

## Q. Strong emotion causes humans to cry; do animals cry from emotion.

A. No, this common to man only.

Q. Humans blink their lids very fast compared to?

A. Cats and rodents preform this act slowly.

Q. All animals with backbones blink except?

A. Those living in water, some lizards, snakes; those without lids.
